TAXPAYERS' REPORT

During the past couple of weeks, we have had numerous conversations about problem areas in our county roads. One of the conversations was about the bypass road east of Selden. This road is 6/10ths of a mile long. During the past several years, Sheridan County has spent an excessive amount on this short section of road trying to maintain some sort of an asphalt surface. Based on this excessive amount spent, I just made the statement in open session that we vacate this road. My intent was really not to close it, but to make a statement that would get the public engaged about this road, so that we could all have a conversation and make a good decision.

After a lot of good input from the Selden community, it was decided, based on those conversations, to make this a good gravel road. This was the correct decision and one that should have been made years ago to save the taxpayers a lotta money. This is also the way decisions are supposed to be made...with a good amount of input from the taxpayers.

As your County Commissioner, I do not have the authority to make decisions about your tax dollars without first getting input from you taxpayers. Thank you all for taking the time to get involved and help make a good decision. Leroy Spresser is on that project this week and hopes to have this road reconstructed and re-opened by the end of the week.

The main point of my article this week is to illustrate what it looks like when a community works together to solve problems and make decisions. The more community involvement we have the better our decisions will be and the better our community will be.

Another new program we have is for road work, mowing, and road maintenance. It is for the part time employment of county people to operate county equipment. These workers have to be employed by Sheridan County on a part time basis...no more than 30 hours per week and no benefits. If you are interested in this new program, please come and visit with the Commissioners at our Commissioners' Meeting during the same time we are discussing Road Department business.

Thanks for reading and GOD Bless! WES BAINTER, Sheridan County Commissioner

Hoxie Recreation Commission Receives Donations

At Rotary, Tuesday, May 14, the Hoxie Summer Recreation Commission gave an informative presentation. After speaking, they were presented with Wes Bainter's Commissioner wages. They were also given a donation by the Hoxie Rotary Club. Pictured with Wes are Board Members Darnelle Keith, Jodi Rogers, Chase Kennedy and Meghan Gourley. (Sentinel Staff photo)

SCHC: Assisted Living Transitioning to Independent Living

As most of our community is aware Sheridan County Health Complex consists of a Hospital, LTCU, Clinic, and Assisted Living. After our last Assisted Living survey and review of the requirements to meet all the regulations we have come to the conclusion that we will need to transition our Assisted Living to Independent Living. After many discussions and taking all considerations into account we feel this is the best decision for our residents and our community. Over the next several months we will be assisting our residents and families with this transition in the most compassionate and caring manner as possible. In anyone has any questions, please call me, Niceta Farber, at 785-677-4127 or Misty Stewart at 785-677-4146.

Marshall to Hold Sheridan County Town Hall

U.S. Congressman Roger Marshall, M.D. will be holding a legislative town hall from 5:00 p.m. to 6:00 p.m. Friday, May 24 at the Oscar's of Hoxie, 845 Main St., Hoxie.The public is invited to attend the event to learn about federal legislative issues and ask questions of the Congressman.

Astronaut Nick Hague Speaks to Hoxie Students in NASA Downlink

During the NASA downlink, on Friday, May 10, Bev Hague gave the official sign-on from the Cosmosphere in Hutchinson, KS. This introduced the students to Astronaut Nick Hague. (Sentinel Staff photo)

An audience of students, parents, and members of the community gathered in the Hoxie High School Auditorium to listen to Nick Hague as he talked about life on the International Space Station, and answer questions from selected students. (Sentinel Staff photo)

Golden Plains Graduates Thirteen in the Class of 2019

Congratulations Graduates! Golden Plains High School graduated 13 high school seniors on May 11. Class members include front--Amanda Cheney, KayCee Miller, middle row—Josh Spresser, Haley Miller, Noel Ritter, Yamiley Romero Chapero, Chucky Hernandez, back row—Miguel Stevens-Monge, Dylan Spresser, Nolan Ritter, Caleb Korte, Dylan Spresser, Iram Garcia. Astronaut Nick Hague demonstrated micro-gravity by showing how they drink beverages in space. Liquids stay in a bubble-like form, which can float around if not consumed immediately. The astronauts, apparently, enjoy "playing with their food", as well as free-floating around inside the Space Station. (Sentinel Staff photo)

Hoxie High School Powerlifting Team Place at State

Three Hoxie High School powerlifting students competed in the Kansas Eight-Man Football Association State Powerlifting Competition on May 4 in Claflin. Junior Ashlyn Kaus placed 3rd with a 115-pound max in Bench and placed 4th with a 155-pound max in Clean in the 148-pound weight class. Senior Sam Bretz placed 4th with a 260-pound Bench, 3rd with a 285-pound Clean and 4th with a 390-pound Squat which earned him 3rd overall in the men's 181-pound weight class. Junior Addison Campbell placed 6th with a 95-pound Bench, 6th with a 115-pound Clean and 5th with a 180-pound Squat for a 6th place overall finish in the 123-pound weight class. (HHS photo)

The Run For The Wall (RFTW) motorcycle ride will pass through Oakley and Grainfield KS on Interstate 70 on Sunday, May 19. Although there are three routes, all starting in Ontario, CA, several hundred riders will use the Central route to ride from California to Washington DC to meet at the Vietnam Memorial Wall on Memorial Day, May 27. The Run For The Wall is an annual coast-to-coast motorcycle ride to support veterans and bring attention to veteran causes. Their slogan is "We Ride for Those Who Can't".

Last year the Jennings American Legion Post #351/ Jennings SAL raised money to pay for gas at the fuel stop in Oakley, KS for all Central route participants. While many fuel stops along the route are sponsored, prior to 2018 the Oakley fill-up was unsponsored and riders had to pay for fuel out of their own pockets. This year the fuel costs will again be paid by Post 351. To raise funds for the 2019 run, The Grain Bin in Norcatur hosted a fundraiser, and the Jennings SAL sponsored a dice run in August, and many individuals donated to the cause. Donations for RFTW may be left at any The Bank location, and the second annual dice run will be held in Jennings August 3, 2019. Any remaining money after the fill-up, as well as new contributions, will be put toward the 2020 RFTW. Jarrod Gerbitz, Jennings, and Jamie Stagemeyer, Norcatur, will participate in the 2019 RFTW ride to Washington, DC. This will be Jarrod's second time participating in the RFTW.

On May 19, 2019 the riders will stop at Phillips 66 in Oakley, KS at 10:30 AM for a fuel up and lunch. VFW posts 2981 (Oakley), 6882 (Colby), 1133 (Goodland), and 2864 (Grinnell) are providing lunch

JENNINGS NEWS

By Louise Cressler

Kay Brown, Vicki Bailey and Louise Cressler along with Doyle Brown and Ken Carter went to Oberlin Good Samaritan Home on Wednesday to help celebrate May birthdays. Kay baked kolaches which were a big hit with the residents. Vicki sang several songs accompanied by Kay on the piano. Roberta Petracek, formerly Jennings, was among those with birthdays in May.

A small group enjoyed potluck dinner on Thursday at the Sunflower Senior Center. Ramona was given the door prize since her birthday is in May.

The date, May 25, for the Jennings School Alumni Banquet is fast approaching. Registration is at 6:00 p.m. A surprise program is planned and will be announced the night of the banquet. Everyone is asked to bring photos or mementos from their schooldays to share. The invitation is extended to former teachers, spouses of deceased alumni members, to school mates who attended Jennings school but did not graduate, and to any person

who attended Clayton school, as well as graduates of both schools. Call Linda Kinser Stanley at 785-475-2945 or 785-470-1977 for further info. Ladd Truetkin will serve a barbeque dinner. Cost is \$20.00 with reservation.

I was thankful for having daughter Gwen and Jeff Anderson, Goodland, and son Russell Cressler, rural Jennings, do some jobs here at the house for me. We then went to the center and ate dinner.

Thinking ahead a few weeks---The United Methodist Church on June 9 will be at Norcatur with church in the park at 10:00 A.M. There will then be a potluck at noon. There will not be church at Jennings or Clayton that Sunday.

Sympathy is extended to the family of Terri Hanke in the death of her mother from rural Phillipsburg.

John Athey NSDAR

The Hoxie members of John Athey NSDAR have prepared a display at the Library in Hoxie. There are poppies on display as well as the book: The Poppy Lady by Barbara Elizabeth Walsh.

When America entered the Great War, Moina Belle Michael was a school teacher in Georgia and felt she had to act with all her might. Moina felt the soldiers deserved a symbol - people needed to be reminded of the sacrifice and courage of America's soldiers. She almost singlehandedly launched a national campaign to establish as that symbol the red poppy of Flanders Fields. She devoted the rest of her life to making sure the symbol would last forever. The red poppy symbol remains strong today. It is her tribute to Veterans.

This book has been donated to the library. There are poppies available for those wanting one. Hopefully readers will read this book and remember all the sacrifices our veterans have made so that we are able to live in this great country and have the freedoms that we take for granted so much of the time.

Run For The Wall

Continued from page 1

for all riders and friends at the park in Oakley and the Jennings SAL is sponsoring the fuel up. Following the fuel up and lunch, the riders will leave Oakley as a group. One lane of the overpasses over Interstate 70 at Oakley and Grainfield will be closed to allow supporters to pay their respects to the riders. Many people from the Jennings/Oberlin area stood on the Grainfield overpass last year with flags, trucks, and motorcycles to honor and show support to the riders as they passed underneath. This is an impressive and patriotic sight. Please consider participating in this event this year in honor of veterans of all wars.

Run for the Wall® began in 1989, and now 30-years later is the largest and longest organized cross-country motorcycle ride and event of its kind in the world, and operates Three Routes: Central, Midway, and Southern Routes. All routes start in Ontario, California and travel to Washington, DC, consisting of a 10-day journey that crosses America's heartland from Coast-to-Coast raising awareness for POW/MIAs, supporting our current and former military, and provides a healing environment for veterans, veteran families, and supporters. Everyone, veteran, non-veteran, and/or supporter, is welcome to join any one of the three routes for 1-day, or any combination up to the full 10-day ride. You must, however, join at one of our overnight stops, or start the morning before we leave. You can't join mid-day.

Run For The Wall recognizes the sacrifices and contributions made by all veterans who have served our nation. Veterans of recent conflicts and those currently on active duty are especially welcome to join us as **Mission Statement:**

To promote healing among ALL veterans and their families and friends, to call for an accounting of all Prisoners of War and those Missing in Action (POW/MIA), to honor the memory of those Killed in Action (KIA) from all wars, and to support our military personnel all over the world. Philosophy:

We strive to maintain a safe, supportive and private atmosphere in which all participants can reflect and heal on their journey to the Vietnam Memorial in Washington, D.C. in the hope that they can return home to a new beginning.

Goals: To guide the participants across America. To educate future generations as to the importance of accountability in wartime actions emphasizing that no one should be left

behind. **History:**

Run For The Wall (RFTW) was started in 1989 as an effort by James Gregory and Bill Evans. They were a couple of Vietnam Veterans who traveled across the heartland of America on motorcycles, talking to local radio, TV, and newspapers about the fact that we had thousands of men and women still unaccounted for from all wars. The need for this awareness continues today and we continue this tradition every May.

We don't give political speeches or demonstrations. Run For The Wall gets its message across to the public by riding through the United States. We obey traffic laws and treat all citizens with dignity and respect.

But the issue of public awareness is only part of the benefit of Run For The Wall. We also give Vietnam Veterans and all Veterans the opportunity to get their own welcome home and start their healing process.

Everyone who has fought or has friends or loved ones who have fought in a war has

experience. Everyone has issues -- the welcome home, the good-bye to buddies lost, the ability to finally help the young men and women we watch every night on TV, or just trying to accept coming home alive. Many who participate in Run For The Wall find that whatever they've been missing, can be found in the Run For The Wall family. They can finally start settling issues that have been put away for over twenty years.

There is a nominal charge for participating in Run For The Wall, and you have to pay your own expenses. We have been very fortunate in the past in that we generally get a great deal of support from organizations and people along the way. Most evening dinners are provided free or for a small donation by concerned citizens, many breakfasts and lunches are provided, also. We have generous groups who have paid for gas and lodging on occasion.

The trip takes ten days to reach the Vietnam Veterans Memorial, where our Run officially ends on Sunday evening before Memorial Day. Additionally, we have things scheduled for the weekend, ending with participation in the Rolling Thunder Parade in Washington, D.C., on Sunday. It is quite a sight to behold, 500,000 plus motorcycles all starting from the Pentagon parking lots, parading through downtown Washington, and ending at the Wall.

Along the way across the U.S. we make stops at Memorials, Veteran's Hospitals, and schools. We enjoy parades, escorts, and welcome-home receptions from many of the patriotic towns.

The ages of the participants range from eight to eighty. These include mothers, grandfathers, and fathers. grandmothers (some of whom ride their own bikes!): veterans from World War II, Korea, Vietnam, Desert Storm, Iraq Freedom and Afghanistan: active military, supporters, friends and family. Everyone is welcome. The main rule is NO ATTITUDES.

Some people join Run For The Wall and think of it as just another vacation or motorcycle event. After one or two days, though, you realize this is something very special. It is unlike anything else you have experienced, and it becomes a MISSION! You become part of the Run For The Wall family whose members come from all over the United States, Canada, Australia and other countries. What could be more perfect than, riding on a mission, making new friends, and helping a very good cause, POW/MIA?

You don't have to ride a motorcycle to participate. By joining or supporting Run For The Wall, you participate in our mission of: promoting healing among ALL veterans and their families and friends: calling for an accounting of all Prisoners of War and those Missing in Action (POW/MIA): and honoring the memory of those Killed in Action (KIA) from ALL wars. The important thing is to join the cause!

Suggestive Dishes For those who wish to

eliminate meat from the diet the following two dishes will offer a variety.

Pea Roast - Mix threefourths of a cup of dry bread crumbs, one-half cupful of pea-pulp, that has been prepared by putting the cooked peas through a sieve, one tablespoonful of sugar, one-fourth cup of English walnut meats, finely chopped, one egg slightly beaten, three-fourths of a teaspoonful of salt, oneeighth of a teaspoonful of pepper, one-fourth of a cup of melted butter and threefourths of a cupful of milk. Turn into a paraffine-lined dish, cover and bake in a slow

oven 40 minutes. Pecan Nut Loaf - To five

riced potatoes add three tablespoonfuls of butter, one teaspoonful of salt, a dash of pepper and one-third of a cup of hot milk. Beat with a fork until creamy and pack into a shallow pan. Set the pan in hot water and bake until well heated in a moderate oven. Turn on a hot platter, sprinkle with one-third of a cupful of finely chopped meats, pour around a cup of well seasoned white sauce and garnish with parsley.

Hot Finnan Haddie Canapes - Fry one-half tablespoonful of chopped onion and two chopped mushroom caps in three tablespoonfuls of flour and two-thirds cupful of thin cream. At the boiling point add two tablespoonfuls of cheese, the yolks of two eggs, well beaten, and one cupful of flaked finnan haddie. Season with salt and cayenne. Pile on pieces of toast, sprinkle with cheese and buttered bread crumbs and bake until brown.

The position of principal and eighth grade teacher has not been filled. The school board is still working on this. The other seven teaching positions are filled as follows:

Mrs. Max Schropp will be the seventh grade teacher. Mrs. Jay Steinshouer will teach the sixth grade; Mrs. Warner Johnson, the fifth; Miss Vera Mowry the fourth; Miss Nola Schlicher will have the third; Mrs. George Wilson the second and Miss Marie Hedge the first. None of these teachers need an introduction to this community, for they have taught in the city school system or in the county for the past several years. The instrument situation will depend upon Mr. Roper's plans which are not complete at present. This is a fine organization just needing a principal who will no doubt be

It's been a long week. Lots going on with both jobs, plus Linda and I did a floor refinish in Benkleman, NE. 2150 square feet of floor. Can you say tired? We're exhausted. And I have officially retired from doing that anymore. I'm not getting any younger.

Has anyone caught any fish? Other than the state reports I have not heard much. I have seen lots of boats traveling so someone must be. This next Friday will find us on the way to Milford. I am so looking forward to 3 days of no work! Just fishing and relaxing. Camping? Only if a motel room counts as camping! This is a bucket list trip for me. I know the lake has huge catfish and I want to catch one. I don't want to eat it, just catch one over fifty pounds. We'll see what

happens. On that note I just can't see killing a big fish. There are plenty of smaller fish to eat. The big ones produce a lot of little ones. Just good sense to save them.

U.S. Supreme Court Rules States Cannot Be Sued in the Courts of **Other States**

The U.S. Supreme Court today agreed with Kansas and other states in ruling that states cannot be sued in the courts of other states without their consent, Attorney General Derek Schmidt said.

In its ruling today, the Court ruled that states' sovereign immunity protects states from being sued in the courts of other states. This ruling overturned a 1979 U.S. Supreme Court decision in Nevada v. Hall. Kansas, along with 43 other states, had filed an amicus brief arguing that Hall had been wrongly decided and urging the Court to overturn that prior ruling.

"It is clear that the framers of the Constitution intended the states to remain sovereign, and not subject to the jurisdiction of the courts of other states," Schmidt said. "Today's ruling restores this legal principle, fundamental to our federal system of government, and strengthens our ability to effectively defend Kansas against out-of-state lawsuits."

The case is Franchise Tax Board of the State of California v. Hyatt. A copy of the Court's decision is available at http:// bit.ly/2Q11Lwt

Oakley Farmers State Bank Receives Optimal Bank Ranking

Seifried & Brew, LLC, a community bank consulting and risk management firm located in Bethlehem, Pa., recognizes Farmers State Bank of Oakley, Kansas as an optimal performer in its prestigious 2018 S&B Top 15th Percentile. The Top 15 Percentile represents a select group of high-performing banks that are made up of the best 782 out of 5,213 community banks in the nation. Considering the strength of community banks in the United States as a whole, achieving the Top 15 Percentile is in itself a high honor. Within the Top 15, Farmers State Bank of Oakley, Kansas ranked at number 189 within this year's ranking. To receive this distinguished honor, Farmers State Bank of Oakley, Kansas demonstrated exemplary performance by managing its exposure to risk while maintaining a notable level of reward.

The Top 15" ranking is based on a comparison of the S&B Risk Index and measures of performance. The Risk Index includes an array of risk factors that banks must constantly manage, such as liquidity risk and capital risk. Measures of performance, or reward, are primarily a bank's return on average assets or return on average equity. S&B measures individual bank performance by determining the balance of risk and reward and then compares banks across the United States. The banks included in this index have assets between \$10 million and \$30 billion

The S&B Top 15th Percentile ranking was first released in 2012. Whereas other organizations rank bank performance, the S&B composite score takes into consideration both risk and reward. These institutions are able to function at a high level for their customers, directors and communities.

AG Derek Schmidt: 2nd Amendment Rights Not Limited by State **Boundaries**

Extreme restrictions by other states on the recognition of outof-state concealed carry licenses unconstitutionally Kansas travelers of their Second Amendment rights, Kansas Attorney General Derek Schmidt last week told the 7th U.S. Circuit Court of Appeals.

Kansas concealed carry permits are recognized by 40 states, including Kansas. But in the other 10 states, Kansans with valid concealed carry permits are not allowed to publicly carry a concealed firearm. Illinois is one of those remaining states that does not recognize Kansas

In the legal brief filed last week, Schmidt and 15 other state attorneys general asked the full circuit court to reconsider a recent ruling by a three-judge panel upholding an Illinois statute that categorically prohibits the residents of 45 states from publicly carrying firearms in Illinois. Kansas is one of the states whose concealed carry permits are not recognized

by Illinois. "Americans do not lose their constitutional rights when they cross state lines," the attorneys general wrote. "The Second Amendment right belongs to all Americans. That right extends to self-defense outside the home. But for most out-of-state residents, it stops at the Illinois

The brief argues that the three-judge panel erred when it upheld the Illinois law depriving residents of Kansas and other states of their Second Amendment rights when they cross the border into Illinois. Illinois recognizes only concealed carry permits issued by Illinois, and out-of-state residents are allowed to apply for an Illinois permit only if the laws in their state of residence are considered "substantially similar" to Illinois'. But the determination whether another state's law is "substantially similar" – and, thus, that state's residents may apply for an Illinois permit - is made exclusively by the Illinois State Police with no avenue for that determination to be challenged. At this time, only four states qualify.

"Illinois not only has no basis for presuming that [citizens of other states] are not Amendment rights, it offers them no opportunity to prove otherwise," the attorneys general

The case is Culp v. Raoul, No. 17-2998. A copy of the states' brief is available at http://bit. lv/2LuwGTi.

School Board Roles and Responsibilities

The deadline to file for the next school board election is Monday, June 3, 2019. USD # 412 currently has 4 members at large for this election. New members or re-elected members assume office the second Monday of January

Over the next several weeks, important roles and responsibilities of the Board of Education will be highlighted, courtesy of the Kanas Association of School Boards. The seventh role to be addressed is STUDENT ACHIEVEMENT.

Student Achievement

Our public schools are about preparing students for the future. Our students must be prepared to compete on a global economic field, and this means we must continue to improve student achievement. Boards of education need to work within the framework of a continuous improvement model to make sure our schools are preparing every student to succeed. Goal setting is an important part of that process.

Boards must work with administrators, teachers and the community to set district goals. Board decisions should logically follow from board goals and objectives. The board should also establish procedures to annually evaluate the progress of the district.

The Kansas State Department of Education monitors and accredits schools in Kansas using Kansas Education System Accreditation (KESA).

We've all heard the statistics: students can experience up to two months of learning loss during the summer months. Summer learning programs are plentiful but en cost money, putting the financial burden on students and families. ACT AcademyTM, the free instructional tool for personalized learning, can help your students combat the "summer slide."

ACT Academy experts have selected a collection of resources designed to help your students practice and polish up their expertise on the subjects that matter most. Find grade-specific resources to prevent the "summer slide" and give your students a head start into next year. Go to academy.act.org. ACT Academy is also a free prep tool for the ACT assessment.

Colby Community College offers summer courses in 3 phases: June 3-28; July 1-26, and June 3-July 26. This is a

way to get a pre-req completed for nursing, making up a class you failed last year, or jump start your college experience. Call Admissions at 785-460-4690 for more information.

The Iim Kinkaid Memoria Scholarship of \$1000 is available to new students attending Kansas State next fall. Application deadline is June 30

The Golden Plains High School boys track team competed in the Colby Invitational on May 3. They scored 23 points overall in this competitive meet with unlimited entries.

Posting points for the Bulldogs was Roberto Loya with a third place 3200m run of 11:36.36 for his best time of his freshman year. He placed sixth in the 1600m run with another PR run of 5:08.05. Earning fourth place points were Jacob Ritter in high jump at 5' 8" and in long jump at 19' 1.5". Dylan Spresser placed fourth in triple jump with a season record jump of 39' 2".

Wade Rush placed fifth in Javelin at 137' 7" and sixth in discus with a 124' 2" throw. The boys relay teams continue to improve as the 4 x 100 placed 7th with a season best run of 48.52 seconds run by Austin Patmon, Jacob Ritter, Nolan Ritter, and Dylan Spresser. The 4 x 800m

relay team of Fabian Cepeda, Roberto Loya, Joseph Yanez-Perez, and Ethan Weiner also placed 7th with a season best run of 10:07.82.

With unlimited entries at this meet several of the younger athletes were able to try events for the first time while others set Personal Records (*) in their events. Results include:

100m: Patmon 12.71, Nolan Ritter 12.86, Josh Spresser* 13.07, Lathrop 14.03, Ethan Shea 14.33, Ashton Schiltz* 15.13, Joshua Yanez-Perez 15.41, Garrett Carter 15.47, Tanner Trussel 16.39, Wyatt McDonald 16.42, BJ Rogers 18.29.

She has earned a \$4000 Hansen Career/Technical Scholarship that is renewable, a \$3500 Pete Henry Scholarship, an Elite Barton Bound Books and Tuition Scholarship, and a \$500 Sheridan County Farm Bureau Scholarship.

Jacob Ritter plans to attend

Northwest Kansas Technical College to major in Precision Agriculture. He has earned the \$2500 Pete Henry Vocational/ Technical Scholarship and a \$4000 Dane G. Hansen Career/ Technical Scholarship that is renewable for a second year. Locally Jacob also won the \$125 Red Cross Scholarship.

Noel Ritter plans to attend Colby Community College to major in Early Childhood Education. She has earned a \$2100 Pete Henry Scholarship and a \$4000 Hansen Career/ Technical Scholarship, that is renewable a second year. Noel was also one of two winners of the \$250 Hazel Kirchner scholarship. It is awarded to Golden Plains seniors who plan to become a teacher and have love of literature. Hazel Slocum Kirchner taught school in Menlo, Rexford, and Herndon. Noel has also been selected for the Nex-Generation Student Internship Program and will be working at Colby Community College. This is a paid, summer internship valued at up to \$3,600. It is sponsored by the Nex-Generation Round Up for Youth.

Nolan Ritter plans to attend Northwest Tech to study Engineering Technology. She has earned a \$4000 Dane Hansen Career/Technical Scholarship that is renewable and a \$2500 Pete Vocational/Technical Henry

Scholarship. Nolan also won the \$500 Gerald "Jerry" Childs Memorial Scholarship. Jerry Childs graduated from Selden HighSchool in 1958, then pursued a career in education. This scholarship was established to provide a deserving student with the opportunity to achieve his/ her post-secondary educational goals. Nolan will also receive a \$500 Carroll & Lange scholarship from NW Tech.

Yamily Romero plans to move to Texas upon graduation to enter the workforce. She plans to attend school there majoring in Cosmetology.

Dylan Spresser plans to attend Northwest Tech to study Precision Agriculture. Dylan earned a renewable \$4000 Career/Technical Hansen Scholarship and a \$2500 Pete Henry Vocational/Technical Scholarship. Dylan also earned \$1500 from Farm Credit of Western Kansas as part of its scholarship program.

Josh Spresser has earned the \$2500 Pete Henry Vocational/ Technical Scholarship. He plans to enlist in the US Navy, and later will pursue a medical career.

Miguel Stevens-Monge plans to attend the University of Kansas to major in pre-medicine. Like many of his classmates he earned a Pete Henry Scholarship, in his case for \$2100. He also earned a \$4700 scholarship from Heartland College Assistance Program, CAMP, which includes tutoring, a computer, and monthly stipends. Also, from KU he won a renewable Hixson Opportunity Award for \$5250 that is renewable three times. Also renewable is the Oneida Tribe Higher Education Scholarship for \$20,000.

Good Luck to all the graduates!!

WHS Kidwind Team Heads to Nationals, **Seeks Donations**

By Diane Wetter, WHS KidWind Team Advisor and *Jailey Gallentine*, Staff Reporter

The KidWind Challenge is an annual event which allows students to explore the power of wind by building and testing their own wind turbines, and then competing against other high school teams.

The goal and mission of the KidWind Competition is to get students excited about the promise and opportunities renewable energyspecifically wind power-and its relationship to global climate change, to foster opportunities for students to build, test, explore, and understand wind and solar energy technology at a manageable scale, to get students excited about careers in STEM fields related to renewable energy, to build the capacity of teachers, coaches, and other educators to better understand wind and solar energy technology and development, as well as its promise and limitations, and to connect students to mentors and role models in the renewable energy industry. The regional and state competitions were organized by the Kansas Energy Program, a part of Engineering Extension at Kansas State University.

The Wheatland team members are Colter Allemang, Kyler Haffner, Jordan Katt, Harrison Stephens, and Andrew Taylor. Coaches are Mark Heier, Steve Reed, and Diane Wetter.

The students are judged on a knowledge quiz which consists of questions about wind energy. They must present their project to a panel of judges explaining the construction and testing of their wind turbine. The interview process allows the judges to gain an understanding of the process the students used to build their wind turbine. Lastly, the team is judged on their wind turbine performance in the wind tunnel which draws wind through the tunnel creating a much cleaner and more stable airflow. The best one-minute performance period is used for scoring at the regional and state competitions. Turbines are ranked by their energy output in joules.

Colter Allemang explained, 'It's [the KidWind competition] a fun challenge, and I'm glad I get to learn about wind energy"

At the national competition, the wind turbine performance will be based on 30-second time limits in four categories: 1) one "normal" tunnel will have wind speeds of 3.5-4.0 m/s; 2) one "yawing" tunnel will have wind speeds of 3.5-4.0 m/s and a yawing table; 3) one "fast" tunnel will have wind speeds of 5.5-6 m/s; and 4) one "slow" tunnel will run at 3-3.5m/s.

Junior Jordan Katt said, "I think we have improved very much in many different aspects, like our gears and propellers."

Thunderhawk qualified for the competition by placing second at the regional competition in Oakley. At the State competition in Topeka, they again finished in second place, qualifying them to compete at the National competition in Houston, TX on May 21-23. The team has received very favorable ratings and

comments on both the quiz and the interview portions at both the Regional and State levels.

The students have worked hard to improve the performance of their wind turbine by adjusting the gear ratio and the design of the blades. The team was determined to increase the energy output of their wind turbine as well as improve their presentation for the interview portion of the competition. The team has increased the output from 2 joules at the Regional competition to 60 joules in the test tunnel at the State competition. Because the blades failed in the performance wind tunnel, they were only able to attain an output of 48 joules. The students are very competitive and have never been satisfied with the output of their wind turbine. They have learned that the pitch of the blades is important as is the material out of which the blades are made along with the surface area of the blades. They have spent time researching and learning about the design of wind turbines as well as the wind turbine industry. Their latest design includes cutting the blades out of Styrofoam with a hot wire cutter. The other modification is adjusting the gear ratio. They are constructing the gears using the laser engraver. The team is also making plans to modify their base to be able to compete in the vaw tunnel. They will also be updating their presentation to present before the panel of judges. This entire competition been a wonderful has opportunity for the students to use their problem-solving skills in science, technology, engineering and math.

The Applied Technology Class is accepting donations to help offset the cost of the trip to Houston for the National competition. Your generosity is appreciated. To donate, please contact Mark Heier at 785-673-4223 or at meier@ruraltel.net. You may mail donations to Applied Technology Class, Wheatland High School, Attention: Paula Chapin, PO Box 149, Grainfield, KS 67737. Again, we appreciate your generosity in support of our high school students and our STEM program so that they may attend this national competition.

USDA Conducts June Hogs and Pigs Survey

Department Agriculture's National Agricultural Statistics Service (NASS) is contacting producers for the June Hogs and Pigs Survey. The agency will survey pork producers for detailed information on market hog and breeding stock inventories as well as pig crop and farrowing intentions in every state.

"With the data gathered in the quarterly Hogs and Pigs surveys, NASS measures and reports trends in the U.S. pork industry over the course of the year," said Doug Bounds, KS State Statistician of the NASS Kansas Field Office.

The information is used by all sectors of the industry to help make sound and timely business decisions.

will NASS mail the questionnaires to all producers selected for the survey in late May. To ensure all survey participants have an opportunity to respond, NASS interviewers will contact producers who do not respond by mail or online to conduct telephone and personal interviews.

NASS will publish the survey results in the Quarterly Hogs and Pigs report on June 27. All NASS reports are available at www.nass.usda. gov/Publications/. For more information, call the NASS Northern Plains Regional Office at (800) 582-6443.

H-2A Program on the Backburner in Congress

On Tuesday, President Trump met with a group of Senators to discuss immigration reform plans developing in the White House. The Senators who attended the meeting reported back that discussions focused strengthening border security and reforming the overall immigration system, straying away from the topic of H-2A and other guest worker programs. However, outside of the White House are still working to find ways to improve the efficiency of these programs. Jared Kushner, special advisor to President Trump, and Kristi Boswell, who works in Kushner's White House Office of Innovation have been working on immigration reform focused solely on the need for consistent agricultural labor forces. They have recognized a need for legal status for undocumented migrant workers already in the U.S., year-round labor from migrant workers and a more efficient pathway for farmers to hire migrant workers. For more on the current push for H-2 A reform in and out of Congress, view the Agri-Pulse article at https://www.agri-pulse.com/ articles/12172-california-leadsfight-to-fix-national-farm-laborshortage

Pence Tells Farmers Trump Considering More Trade Aid

Vice President Mike Pence was speaking to a group of Minnesota farm leaders Thursday and said the White House is considering additional assistance to farmers to aid losses incurred from the Administration's trade war with China. While no specific details were offered and U.S. Secretary of Agriculture Sonny Perdue, in the past, has said the Market Facilitation Program (MFP) will not be done again, Pence emphasized the Administration is looking for ways to provide additional support to American farmers and that discussions have already taken place in that regard. Pence also said they remain hopeful for an agreement but will be standing firm until

Disaster Aid Hits Congress

Debate over a new disaster aid bill began in the House today. The proposed bill offers expansions in agriculture assistance, which includes a provision for producers who lost stored crops to flooding in March. The new House bill provides an additional \$3 billion in aid and looks similar to the version passed by the chamber in January. Meanwhile, Senate lawmakers continue to face objections. The Administration has asked for \$4.5 billion in border related funding to be included in the package, and Democrats are not interested in the idea. Senate Majority Leader Mitch McConnell (R-KY) would like to reach a compromise and pass a bill before the week-long break for Memorial Day.

Margin Coverage Program Sign-Up Begins June 17 USDA's Farm Service Agency

(FSA) announced this week that the March 2019 income over feed cost margin was per hundredweight (cwt.), triggering the third payment for dairy producers who purchase the appropriate level of coverage under the new Dairy Margin Coverage (DMC) program.

DMC, which replaces the Margin Protection Program for Dairy (MPP-Dairy), offers protection to dairy producers when the difference between the all milk price and the average feed cost (the margin) falls below a certain dollar amount selected by the producer.

"I encourage all dairy operations to sign up for DMC when we begin accepting applications in June," said FSA Administrator Richard Fordyce. "Under certain coverage levels, the amount to be paid to dairy farmers for the months of January, February and March already exceed the cost of the premium."

The signup period for DMC opens June 17, 2019. Dairy producers who elect a DMC coverage level between \$9 and \$9.50 would be eligible for a payment for January, February and March 2019.

example, a dairy For operation that chooses to enroll an established production history of 3 million pounds (30,000 cwt.) and elects the \$9.50 coverage level on 95 percent of production would receive \$1,543.75 for March.

Sample calculation: \$9.50 - \$8.85 margin = \$0.65 difference

 $$0.65 \times 95$ percent of production $\times 2,500$ cwt. (30,000 cwt./12) = \$1,543.75

DMC premiums are paid annually. The calculated annual premium for coverage at \$9.50 on 95 percent of a 3-millionpound production history for this example would be \$4,275.

Sample calculation: $3,000,000 \times 95 \text{ percent} = 2,850,000/100 = 28,500 \text{ cwt. } x$

0.150 premium fee = \$4,275

The dairy operation in the example calculation will pay \$4,275 in total premium payments for all of 2019 and receive \$8,170 in DMC payments for January, February and March combined. Additional payments will be made if calculated margins remain below the \$9.50/cwt level.

All participants are also required to pay an annual \$100 administrative fee in addition to any premium, and payments will be subject to a 6.2 percent reduction to account for federal sequestration.

Operations making a onetime election to participate in DMC through 2023 are eligible to receive a 25 percent discount on their premium for the existing margin coverage rates. For the example above, this would reduce the annual premium by \$1,068.75.

USDA Extends MFP Deadline

USDA has extended the deadline from May 1 to May 17 for agricultural producers to certify 2018 crop production for payments through the Market Facilitation Program (MFP), which helps producers who have been significantly affected by foreign tariffs, resulting in the loss of traditional exports. USDA's Farm Service Agency (FSA) extended the deadline because heavy rainfall and snowfall have delayed harvests in many parts of the country, preventing producers from certifying acres. The FSA will continue to issue payments at \$0.86 per bushel for sorghum. Producers can certify production by contacting their local FSA office or through Farmers.gov.

Commission **Minutes** 4/24/2019

Now on this 1st day of May 2019, the Board of Commissioners, Sheridan County, Kansas met in regular session with Chairman Joe Bainter presiding. Others present were Wes Bainter, Troy Dewey and County Clerk Heather Bracht. Guests were Rachel Farber, Agnes Winter, Doyle Kauk, Tom Beckman and Mike Beckman.

Joe Bainter called the

meeting to order. County Attorney Joe Pratt entered the meeting. The board and Pratt discussed Noxious Weed and chemicals. Wes Bainter stated that the county levies an enormously large amount of money for the weed department which isn't needed, and the county is spending way too much money at the weed department. There is no reason for that budget or the large carryover. Most farmers purchase their own chemicals and we don't need all the excess. Pratt advised that by statute the county does have to have chemicals available for farmers to purchase. Wes Bainter reiterated we do not need to have the excess and that even if the county gave the chemical away, some farmers wouldn't take care of it. Wes Bainter stated that since Noxious Weed falls under Ross Carder, Road & Bridge Supervisor, Carder will be reevaluating the winter time hours. Tom Beckman asked what was happening with the musk thistle and prairie dog issue in his area. Pratt responded they he has talked with Stevenson and the individual is on the list with over 400 acres to be sprayed. If he can't get south of Beckman's house, the county will go in and take care of it. Pratt will double check with Quanz and see what has been done. Within the next two weeks is going to be the best time to spray. Pratt will follow-up on the procedure for some

chemical usage.

Ross Carder, Road & Bridge Supervisor and Joe Broeckelman, entered the meeting. Carder stated that he had an estimate on the cost of renting a piece of equipment from Foley to pull up the 6/10th of a mile spur east of Selden. The cost would be \$13,000. The county would follow with the packer and pack it down. In 2017, the county spent \$20,000 on this road. Wes Bainter would like to vacate the road with Joe Bainter disagreeing, stating it would be better to keep traffic away from Hwy 83. Temporarily, the road will be closed until the board and Carder come up with a plan. Carder advised the board that they had received many culverts in, a few 20' and more 40'. The BoMag was inspected on Tuesday and the individual inspecting it stated it was a pretty good machine. It does need new hoses and a cylinder in the motor. He will get a list of items that need repaired or replaced and the board can decide what to do. Broeckelman told the board he had visited with a friend from Scott County and in Scott County some of the mowing and snow removal is privatized. Broeckelman advised the board he feels the county should look at leasing equipment, he feels it would save the county money. Wes Bainter agreed. Broeckelman then asked why the county sells chemicals. Pratt advised by statute the county had to. Carder will have Quanz put together a report for 2018 showing how much was spent on chemicals and how much was sold. Broeckelman also asked if the county gave money to the community

foundation and the response

is no, the county does not do

this. Broeckelman exited the

At 9:55, Wes Bainter made session for a period of 15 minutes for the discussion of non-elected personnel. Carried 3-0. Present were the board, Pratt and Carder. The door opened at 10:10 with no

and Director Dana Hess entered the meeting. Carver stated he will be getting bids for a Firewall security program for the computers in the Sheriff's Office. David Stithem advised it will probably cost about \$2,000. The Sheriff's office is still working on the paperwork for the K9 unit as far as receiving the money from the government. Carver advised the board that several other counties have utilized our K9 unit. Carver will check with some grant writers to see about helping with writing some grants. The AC/heating should be completed by the end of May. Bids were received for a new copier. The low bid came from Tri-Central in the amount of \$4,505. This will be split between the sheriff's fund and dispatch. Dewey made a motion to approve the purchase of the copier, seconded by Joe Bainter. Carried 3-0. Tri-Central also submitted bids for three office chairs for the Sheriff's office. Low bid was \$213 each. Carver will check with Paul's furniture as well. Dewey made a motion to allow Carver to purchase three office chairs from either Tri-Central or Paul's Furniture, whichever comes in lower. Wes Bainter seconded the motion. Carried 3-0. Carver advised the board that Wade Zodrow will be doing some road work at Sheridan County Lake. Dewey made a motion, seconded by Wes Bainter, to approve purchasing two used file cabinets totaling \$700 for the Sheriff's office. Carried 3-0. Wes Bainter stated it would be nice to see an article in the paper about the K9 unit and what has been happening. Carver stated that Hess has done an amazing job since taking over as communications director/ head dispatch. Dewey advised Carver that the spur east of Selden was being temporarily

closed. Dewey made a motion to approve the April 24 minutes as amended, seconded by Joe

Bainter. Carried 3-0. Bracht clarified with the board Marge Reitcheck's time. The board approved Reitcheck working 30 hours a week and for a two-week period she had a total of 82.5 hours. Wes Bainter contacted Ross Carder and was advised that for the next few weeks, Reitcheck will need more than 30 hours a week. Wes Bainter made a motion, seconded by Joe Bainter, to approve additional hours for the next 2-3 weeks. Carried 3-0.

At 10:50, Joe Bainter made a motion to enter in to executive session for a period of 15 minutes for the discussion of non-elected personnel, personal issues. Dewey seconded the motion. Carried 3-0. Present were the board, Pratt and Carder. The door opened at 11:05 with no decision being said.

Wes Bainter stated he would be contact John Geisinger, Selden Lumber, to see what he is thinking for windows for the courthouse.

No further business, Dewey made a motion to adjourn, seconded by Joe Bainter. Carried 3-0. Bracht reminded the board that the next regular meeting will be Wednesday, May 8, 2019 at 9:00 a.m. in the commissioner's room on the main floor in the courthouse. Attest: Heather Bracht,
