TAXPAYERS' REPORT

As you all know, we just completed another "Fair Week" last week. I am always amazed how truly special this event is in our community. It is made special by the efforts of many, many people here in our community donating time and resources in a thousand different ways to make this week truly amazing for all the community and visitors from near and far. Thank you to everyone in this community for all your work and dedication, working together to make this community SPECIAL!!!

Lance and Russ Shepherd of Woofter Pump & Well brought up a hoist rig to help lift the Scrambler to check underneath. It is because of community members like Lance and Russ and all the volunteers that help make our Carnival so successful. Thank you, Woofter Pump & Well and Volunteers. (SC Amusement Co. photo)

The McGraw United Methodist Church was officially closed this past Sunday, July 21, 2019. We are working with the Historical Society here in Hoxie to move the church to the Mickey Museum and locate it on the west end of that property. We will publish updates as we move along. There are always quite a lot of challenges that have to be met in order to get this move accomplished. We are all working together and there is NO doubt we will get this done!

Thanks for reading and God Bless!
WES BANTER, Sheridan County Commissioner

2019 Fair & Carnival

Grow it, Sew it, Show it

Queen-Aubrey Egbert- Angelus 4H Club
King-BJ Rogers-Harvesters 4H Club
Queen 1st Runner-Up-Mia Rogers-Harvesters 4H Club
King 1st Runner-Up-Isaiah Dickman- Angelus 4H Club
(SC 4-H photo)

The Sheridan County Amusement Company gave a huge THANK YOU to the "Shark Heads" for helping to clean up after the Carnival was over on Saturday night. (Sheridan County Amusement Company photo)

The Golden Star was back at the carnival this year. Anyone 18 & under could find it and turn it into the prize booth for an envelope full of \$100 worth of carnival tickets. The kids were looking sharp and having fun. On Friday, July 19, it was found by Duncan Bell & Crew, then on Saturday night Tucker Baalman (top photo) worked hard to find the star. Tucker says he will save his tickets for next year. (Hoxie Recreation photo)

Clothing Project participants (see results on page 7) (SC 4-H photo)

Grand Champion Market Lamb-Kambree Lahnanen, Reserve Grand Champion-Roch Lager (Sentinel Staff photo)

Morne Geer shows a market lamb in the Open Class Division. (Sentinel Staff photo)

JENNINGS NEWS

By Louise Cressler

With a week of 100-degree temperature the harvest is nearing an end. We received about .40 of rain Saturday night so has cooled the temperature back into the 80's today.

The American Red Cross Blood Drive will be held Friday, July 26 at the United Methodist Church. Call Marge Hartzog for details. 785-678-3010.

Candice Jackson, Norton, gave the message at our United Methodist Church Sunday. Pastor Ed will be back next Sunday.

We received word this week that Neoma Tacha, Andbe Home in Norton but formerly of Jennings, had fallen and broken her hip. She was transported to Good Samaritan Hospital in Kearney, NE, where she had surgery. She is back at the Andbe Home now.

Joanie Metz had foot surgery this past week. She is home. We wish both of them a speedy recovery.

Adam and Sierra Wahlmeier, Norton, are happy to announce the birth of their first child. Asher John Wahlmeier arrived July 15, 2019, at the Kearney Regional Medical Center, Kearney, NE, at 6:39 p.m. He weighed 6 lbs. 7 oz. and is 20 inches long. Proud grandparents are Kevin and Tami Black, Norton; Jeff and Mary Wahlmeier, rural Clayton. Great grandparents are Sharon Black, Oberlin; Dean and Vivian Land, Culbertson, NE; and Ramona Shaw, Jennings; great-great grandmother is Helen Brooks, Oberlin. The late great-grandmother, Agnes Wahlmeier, Norton, 103rd heavenly birthday was July 15.

Letter to the Editor

In the July 18 edition of The Sheridan Sentinel, County Commissioner Wes Bainter presented a series of graphs purporting to illustrate how average county property tax receipts are increasing out of proportion to changes in population and general price levels.

A bit of context is perhaps in order. The period since 1997 has seen state aid in support of education, public health, community-based corrections, libraries and other quality of life services at the local level slashed by billions of dollars. This trend was certainly exacerbated by the 2008 recession and by Gov. Brownback's failed "fiscal experiment." These

cuts in state aid have forced local taxing authorities the choice to either increase taxpayer burdens or cut the programs that are demanded by beneficiaries and which support a vibrant local community that meets the needs of the citizens. There is no doubt that county government can operate on less, but less in, unfortunately, usually means less out. And the things not being accomplished in Wes's push to dismantle our local government services are becoming increasingly apparent.

Ultrasound Services at SCHC

"Is it a boy or a girl"? This is what is most often thought of when a person is scheduled for a sonogram. Since obstetric exams are commonly associated with ultrasound, you may not be aware there are many different types of sonograms. Diagnostic ultrasound is a specialized imaging study that produces a detailed image from high frequency soundwaves being passed into the body. While most ultrasound exams are done in the radiology department, it

is important to understand there is no harmful radiation utilized.

Providing highly trained board-certified personnel, along with competitive state of the art equipment allows for SCHC to serve the local and surrounding communities with a service that otherwise would have to be done out of the area. The following is a list of specialty ultrasound exams offered at SCHC: 1st, 2nd, 3rd trimester OB/GYN exams, echocardiography, detailed vascular studies, general exams that include abdomen and various soft tissue studies. Since this is not an all-inclusive list please call the Imaging Department for your scheduling needs or questions that may arise at 785-677-4144.

Farm Pond Fishing

By Greg Doering, Kansas Farm Bureau

There's something about being outside that soothes the soul. It doesn't matter if you're working, taking a casual stroll or just sitting on the porch watching the world go by. One of my favorite excuses to be out of doors is fishing.

My father, an avid hunter, didn't have the patience for fishing, but he also never discouraged me from casting a line. Most of my adolescent angling adventures were the result of a neighbor who was kind enough to take me along almost whenever I would ask to hit the water.

Though sometimes, like when he would take me limblime fishing, some advanced planning was necessary. I still remember the first time we took an aluminum Jon boat down Pottawatomie Creek setting lines off tree branches hanging over the water.

Checking the lines a couple days later turned up a 35-pound blue catfish, which is still the biggest I've ever seen in person. The fish was only slightly smaller than I was at the time, but it also was only a baby in the world of blue cats, which can top 100 pounds.

Like my father, I too lack the patience to go after trophy fish. Instead, I'm happy to reel in anything that swims. While I enjoy the occasional challenge posed by fishing reservoirs, lakes and rivers, there's nothing quite like fishing a well-stocked farm pond.

I'm never going to catch a record-setting bass or catfish from a pond, but I'm also not going to go home empty handed either. My favorite pond is at the ranch back home. It's stuffed full of bass less than a pound, but I did snag a four-pounder a couple years ago.

Ponds always hold the promise of hooking something just big enough to put a big bend in the rod and put up a decent fight. The best fishing hole offers plenty of action in between catching those lunkers.

I recently found a new pond close to Manhattan that fits the bill. Thanks to my brother who scored an invite from the landowner, I got to tag along with him and my nephew one Saturday morning.

My nephew is my usual fishing buddy, and we've had some tough luck this year

D. L. Wiggins made a flying trip to Menlo the other night.

Chas A. Taylor is making many substantial improvements on his ranch.

Next Monday will be the first day of normal.

Ruph Trimble, of Selden, had business in Hoxie Monday.

E. H. Lupton went to Kansas City Monday evening on business.

A number of our citizens attended the speaking at Selden, Saturday.

J. S. Turner attended Sunday school at McGraw, and Lucerne, Sunday.

Sheridan county has a populist whom we will back against any man in the State for crank ideas.

The pops held a secret session last Saturday and it was so much of secret, we doubt very much if over half of them knew the purpose of the meeting.

We have intended starting a suffrage column and have the copy for it, but the tax list has taken up so much space it will be necessary to wait about three weeks longer.

Denver has a man who is ninety-four years old and who has been a Free Mason sixty-eight years. His name is Adna Adams Treat, and he is the oldest Mason in the United States.

We have the summery of expenses of Sheridan county for the year ending June 30th, 1894, but are unable to publish it, owing to the fact that all of our type is in the delinquent tax list. However it will appear in a short time and those who are unable to see just what has become of the county's money can satisfy their curiosity.

Anton Haverkamp and daughter, of Solomon township, were trading in Hoxie, Tuesday. Mr. Haverkamp says he has no intention of leaving Sheridan county. He says he came to Sheridan county six years ago in debt \$560.00 and in that time he has paid that off bought and paid for a quarter of land, about \$400 worth of machinery, proved up on his homestead and now has about thirty head of cattle and twenty head of horses all clear of incumbrance. Western Kansas is good enough for him and he intends staying.

Senor Wyko a tramp from New York City, spent Friday and Saturday in our city, not through his own choice, but through the choice of the "Con," Wyko said that in New York he belonged to a party which advocated government ownership of railroads that called themselves Socialists, when he struck Kansas he found a party which advocated the same things but which sailed under a different name - Populists - consequently he said in Kansas he was a populist. A socialist in New York, a populist in Kansas.

Skelton News
John Hedge was down Sunday blowing off about the strike.

Miss May Bird was married last week thus we lose another of our fair sex.

F. C. Turtle has put a new dress on the front of his store, which shows off nicely.

Frank Daws and Billy Kearns are in gaged in putting down a well for F. C. Turtle this week.

The section hands have been stopping at Caril, the past week putting in ties and fixing crossings which were needed badly.

Steel Fence Now Surrounds Arena

Fans will see a brand new look when they attend the Sheridan County rodeo this Friday and Saturday night.

The fair board recently rebuilt the fence around the arena with steel posts and fencing, replacing the wooden fence that has been in use for many years.

With the steel pens and fence, the Hoxie rodeo arena is one of the most modern up-to-date and safest rodeo arenas in this area.

It is understood that the next project by the fair board will be more permanent type bleachers. However, there will be plenty of seating space this year so plan now to attend the rodeo Friday and Saturday nights. McCombs and Sons of Stockton again furnish the rodeo stock.

Leoville News
Mr. and Mrs. August Karls went to Dodge City Monday to visit their daughter, Mrs. Bernie Chvatal and children. They returned home Tuesday.

Mr. and Mrs. Joe Long of Manhattan were visitors last week at the Barney Schieferecke home. Imogene Long and Teresa Schieferecke who had been visiting them returned here with them. The Longs returned home Sunday.

McGraw News
Mr. and Mrs. Lawrence Smith attended the Kolache festival at Jennings Saturday.

Wes Bainter was a Saturday dinner guest of Mrs. Lottie Carstens of Norton.

Mr. and Mrs. C. B. Tribble of Sacramento, Calif. arrived at the Helen Tice home Wednesday. They will make their home here.

Studley Items
Mrs. Gertrude Keith and Mrs. Alice Nesbitt visited Mr. and Mrs. Claude Spencer on July 13.

Mrs. Esther Brandt and Mrs. Mayra Scott went to Hays Wednesday where Esther had an appointment with her doctor.

East Morland EHU met with Mrs. Rachel Stout Thursday. Mrs. Grace Spencer had charge of the lesson.

Mr. and Mrs. Frank Bretz Jr. and Jan and Mr. and Mrs. Don Boss and sons enjoyed fishing at Norton lake Saturday night and Sunday.

NWKS & Farm News

USDA Proposes to Close SNAP Automatic Eligibility Loophole

The U.S. Department of Agriculture (USDA) today proposed closing a loophole that allows states to make participants receiving minimal Temporary Assistance for Needy Families (TANF) benefits automatically eligible to participate in USDA's Supplemental Nutrition Assistance Program (SNAP).

The proposed rule published today in the Federal Register would limit SNAP/TANF automatic eligibility to households that receive substantial, ongoing TANF-funded benefits aimed at helping families move towards self-sufficiency. The proposed rule would fix a loophole that has expanded SNAP recipients in some states to include people who receive assistance when they clearly don't need it. In fact, the depth of this specific flexibility has become so egregious that a millionaire living in Minnesota successfully enrolled in the program simply to highlight the waste of taxpayer money. This proposal gives USDA the ability to save billions of dollars, ensuring nutrition assistance programs are delivered with consistency and integrity to those most in need.

"For too long, this loophole has been used to effectively bypass important eligibility guidelines. Too often, states have misused this flexibility without restraint," said U.S. Secretary of Agriculture Sonny Perdue. "The American people expect their government to be fair, efficient, and to have integrity – just as they do in their own homes, businesses, and communities. That is why we are changing the rules, preventing abuse of a critical safety net system, so those who need food assistance the most are the only ones who receive it."

Currently, benefits may be as minimal as simply

providing a household with an informational brochure describing social services or access to hotline numbers. These nominal benefits are often given without conducting a robust eligibility determination. Congress has established clear eligibility standards. It is USDA's responsibility to make sure those who receive benefits are eligible.

To confer automatic eligibility for SNAP under the proposal, a household must receive TANF-funded cash or non-cash benefits valued at a minimum of \$50 per month for at least 6 months. In addition, non-cash benefits that could convey automatic eligibility would be restricted to subsidized employment, work supports, or childcare. By establishing clear standards and requiring that benefits be ongoing and substantial, the proposal will ensure SNAP benefits go toward Americans most in need.

USDA encourages all interested parties to provide input on the proposed rule through www.regulations.gov. The comment period will be open for 60 days.

To learn more about this proposed rule, view this fact sheet.

USDA's Food and Nutrition Service (FNS) works to reduce food insecurity and promote nutritious diets among the American people. The agency administers 15 nutrition assistance programs that leverage American's agricultural abundance to ensure children and low-income individuals and families have nutritious food to eat. FNS also co-develops the Dietary Guidelines for Americans, which provide science-based nutrition recommendations and serve as the cornerstone of federal nutrition policy.

Kansas Crop Progress and Condition

For the week ending July 21, 2019, there were 6.6 days suitable for fieldwork, according to the USDA's National Agricultural Statistics Service. Topsoil moisture supplies rated 3 percent very short, 24 short, 70 adequate, and 3 surplus. Subsoil moisture supplies rated 1 percent very short, 14 short, 80 adequate, and 5 surplus.

Field Crops Report: Winter wheat harvested was 96 percent, near 100 last year and 98 for the five-year average.

Corn condition rated 3 percent very poor, 9 poor, 31 fair, 46 good, and 11 excellent. Corn silking was 54 percent, well behind 80 last year and 74 average. Dough was 13 percent, behind 32 last year, and near 17 average.

Soybean condition rated 3 percent very poor, 7 poor, 40 fair, 45 good, and 5 excellent. Soybeans emerged was 97 percent, near 100 last year and 99 average. Blooming was 28 percent, well behind 72 last year and 52 average. Setting pods was 6 percent, well behind 28 last year, and behind 15 average.

Sorghum condition rated 1 percent very poor, 3 poor, 24 fair, 66 good, and 6 excellent. Sorghum headed was 7 percent, behind 19 last year and 13 average. Coloring was 1 percent.

Cotton condition rated 5 percent very poor, 19 poor, 43 fair, 29 good, and 4 excellent. Cotton squaring was 60 percent, well behind 83 last year, but ahead of 51 average. Setting bolls was 10 percent, equal to last year, and near 6 average.

Sunflowers planted was 96 percent, near 98 last year and 99 average.

Pasture and Range Report: Pasture and range conditions rated 1 percent very poor, 3 poor, 21 fair, 61 good, and 14 excellent.

Possible Small U.S.-Japan Trade Deal on the Horizon

President Donald Trump and Japanese Prime Minister Shinzo Abe are working on a trade deal involving agriculture and autos that could be agreed upon when they meet in New York in September. The basis of the proposed trade deal is the U.S. will reduce tariffs on Japanese auto parts in exchange for increased access to agricultural markets, particularly for U.S. beef and pork products. The deal would not require congressional approval

since the U.S. President can eliminate or reduce tariffs on products that have a duty of less than 5 percent, and most auto parts tariffs are roughly 3-6 percent. President Trump and Prime Minister Abe have been in discussions since last September and spoke recently at the G20 Summit last month in Japan. However, Japanese government officials say significant progress will not occur until after July 21 elections for Japan's upper house of parliament.

Kansas Milk Production

Milk production in Kansas during June 2019 totaled 313 million pounds, up 2 percent from June 2018, according to the USDA's National Agricultural Statistics Service. The average number of milk cows was 162,000

head, 3,000 head more than June 2018. Milk production per cow averaged 1,935 pounds.

Crop Update

By July 14, twenty-four percent of the nation's sorghum acreage had reached the heading stage, six percentage points behind last year and seven points behind the 5-year average. Sixty-seven percent of Texas' sorghum acreage had reached the heading stage by July 14, two percentage points behind last year and one point behind average. Fourteen percent of nation's sorghum was at or beyond the coloring stage by July 14, five percentage points behind both last year and the average. On July 14, seventy-four percent of the nation's sorghum was rated in good to excellent condition, one percentage point above the previous week and 27 points above the same time last year.

United States July 1 Cattle Inventory Unchanged From 2018

Lincoln, Neb. July 19, 2019 - All cattle and calves in the United States as of July 1, 2019 totaled 103 million head according to the USDA's National Agricultural Statistics Service.

All cows and heifers that had calved totaled 41.7 million head.

Beef cows totaled 32.4 million head.

Milk cows totaled 9.30 million head.

All heifers 500 pounds and over totaled 16.4 million head.

Steers weighing 500 pounds and over totaled 14.7 million head.

Bulls weighing 500 pounds and over totaled 2.10 million head.

Calves under 500 pounds totaled 28.1 million head.

All cattle on feed fed for the slaughter market in the United States for all feedlots totaled 13.6 million head.

The 2019 calf crop is expected to be 36.3 million head. Calves born during the first half of the year are estimated at 26.5 million.

5th Annual Hansen Museum 5K Run/2 Mile Fun Walk

The Dane G. Hansen Museum is pleased to announce its 5th Annual 5K Run/2 Mile Fun Walk held in conjunction with the 46th Annual Arts & Crafts Fair on Saturday, August 17, 2019, at the Dane G. Hansen Museum in Logan, Kansas. All entry fees will be donated to Phillips County Hospice Services. Entry fees are \$20.00 for adults and \$10.00 for youth 15 and under.

Check-in and t-shirt pick up starts at 7:00 a.m. on the corner of Douglas and Main in front of the Museum. The

5K run will begin at 8:00 a.m. with the 2-mile walk to follow at 8:15 a.m. Paid registrations received by August 5, 2019, receive a free t-shirt. Prizes awarded to each divisions' top male and female finishers. For more information, please contact the Dane G. Hansen Museum at 785-689-4846. This event is sponsored by the Dane G. Hansen Museum with funds from the Dane G. Hansen Foundation.

The Dane G. Hansen Museum is open Monday through Friday 9-12 & 1-4; Saturdays 9-12 & 1-5; Sundays

& Holidays 1-5. We are closed Thanksgiving, Christmas, and New Year's Day. The Museum is handicapped accessible and admission is always free thanks to the generous support of the Dane G. Hansen Foundation. For more information or if you have questions, please contact us at 785-689-4846.

By Alyssa Rippe-May, Twin Creeks Extension District Agent - Livestock and Farm Management

The Root...“Precipitation-induced Tree Issues Common”

Have you been seeing some premature defoliation in your trees this year? If so, you are certainly not alone. We’ve answered multiple calls this season about yellowing leaves and leaves falling ahead of schedule. In some instances, this has been linked with rust diseases, particularly cedar-apple rust. If you’re experiencing this in your apples, crabapples, or hawthorns, this just might be the culprit.

Cedar-apple rust and similar rusts are fungal diseases that spend a portion of their lives on juniper and cedar trees and a portion on apples, crabapples, and hawthorns. On the deciduous trees, you’ll see the first signs in late spring or early summer when bright orange spots show up on the leaves. Those spots will soon enlarge, and a small black fruiting body of the fungus will form in the middle. Eventually, you’ll see an orange, fungal-structure on the bottom of the leaf where spores are produced. Affected leaves tend to drop in the summer, which can leave the tree weakened for the winter and less likely to fend off other diseases. In evergreens, you’ll see red-

orange galls, which truly look like orange octopus in your tree with more than eight legs. Usually, we notice galls in the early spring, but they develop throughout the winter. The galls don’t harm your evergreens. They are, however, where the fungal spores are released in the spring, infecting those deciduous trees. Infection and spread of the disease is favored by cool, wet weather. The complete life cycle for cedar-apple rust takes two years, so a severe gall infestation in your evergreen trees can cause a severe infestation in your deciduous trees two years later.

Control can be achieved by removing all juniper and cedar trees within ½ to 2 miles. Though, that probably isn’t an option where we live. On a more manageable level, try to avoid putting apples, crabapples, and hawthorns right next to cedar and juniper trees to help lessen the issue. Your next best control method is to apply fungicide to the apple, crabapple, or hawthorn tree in spring to help prevent infection. You’ll want to start spraying in mid-April and continue with applications every 7 to 10 days until approximately the end of May. Control on cedars and junipers is not recommended as no real damage is done to the evergreens.

If you would like more information on cedar-apple rust or similar rust diseases,

contact your local Twin Creeks Extension District Office or call me at 785-475-8121.

The Chute...“Farm Bill Meetings Coming Up”

The 2018 Farm Bill was passed in December of 2018. Though it has much in common with the previous Farm Bill, there are some significant differences. To hear exactly what you need to know about the new Farm Bill, plan to attend the K-State Research and Extension 2018 Farm Bill Meeting on August 26 at 1 p.m. at the Graham County 4-H Building. We’ll hear in-depth information about the new provisions of the programs, discuss economic considerations when making the ARC/PLC decision, demonstrate some tools to help you make that decision, and hear about changes to crop insurance. Speakers will include K-State Research and Extension Agricultural Economics specialists Dr. Mykel Taylor, Dr. Monte Vandever, Robin Reid, M.S., and Dr. Dan O’Brien.

Please register by Friday, August 23 to attend. Snacks will be provided thanks to our local sponsor, Solutions North Bank. For any questions and to reserve your spot, contact us at the Twin Creeks Extension District at 785-475-8121. Additional locations and dates are also available upon request.

Purple Plow Growing Green Challenge

Purple Plow is a special project brought to you by the American Farm Bureau Foundation for Agriculture (AFBFA) to encourage teachers and students to involve food and fiber production in teaching and learning, respectively.

In the “Growing Green” challenge, students will learn about energy and design, and build and share a solution that diversifies energy consumption. The challenge opens Aug. 1 and more information can be found here.

If you have questions about Purple Plow resources, AFBFA or Corteva Agriscience, contact educationdirector@fb.org.

Commission Minutes 7/10/2019

Now on this 10th day of July 2019, the Board of Commissioners, Sheridan County, Kansas met in regular session with Chairman Joe Bainter presiding. Others present were Wes Bainter, Troy Dewey and County Clerk Heather Bracht. Guests were Rachel Farber, Agnes Winter and Doyle Kauk.

Joe Bainter called the meeting to order.

County Attorney Joe Pratt entered the meeting. Pratt confirmed with the Board that Sheridan County is unable to withdraw from Northwest Local Environmental Protection Group (NWLEPG) until next year. Notice has to be given by April 1. Pratt advised the Board that Norton and Graham County did get out of the program due to the cost. Both counties have someone they hire to inspect the systems.

Pratt will talk with Jim Myers about Twin Creeks and the tax lid. After further research, Pratt feels that Twin Creeks does fall under the tax lid.

Pratt talked with Greg Andress from the pipeline and they are having trouble justifying the \$32,000 figure that Ross Carder came up with for labor/cleanup by the Road Department. Andress states that the construction company supplied diesel for the graders and helped out the Road and Bridge employees. Pratt will talk with Carder further.

Ross Carder, Road & Bridge Supervisor entered the meeting. Carder stated the Recycling Building is being torn down today by Pfeifer Recycling out of Stockton. They will tear it down and take it free of charge for reduced cost on the iron at the landfill, which they will cut and take as well.

Altitude Recycling, the company the baler was purchased from, came and inspected the balers. The two older balers cannot be repaired. The new one can be repaired at a cost of approximately \$7,000. Carder stated the vertical compactors, like the two older ones, are not efficient for what we do. Pfeifer Recycling will also take these and haul them off. Carder presented a very rough drawing of his idea for the recycling center, changing the shape and function. This will be pursued more once the insurance is nailed down.

Carder advised the Board he had tried to get out of the UniFirst contract. This is the company where the mechanic and noxious weed employee got their uniforms. At this time, they are unable to get out of the contract. It will be reviewed at the first of the year.

Carder said all the trucks are ready to haul sand. There was discussion on the condition of the roads. There are some roads that are not drivable in a car the ruts are so bad. Wes Bainter stated that having the farmers and Road Department employees working together is great. The farmers are a big resource and should be utilized.

Carder stated the packers had been purchased and as soon as the mowing is caught up, they will start working on culverts.

The Board and Carder briefly talked about the noxious weed position.

Carder has not heard back yet on the samples that were taken from the recycling building. These samples would tell us whether an accelerant was used to start the fire or not.

Joe Bainter made a motion to approve the July 3, 2019 minutes as presented. Dewey seconded the motion. Carried 3-0.

Bracht was advised by the Board to get bids to replace the Courthouse roof.

A Recycling Board Meeting will be called to discuss recycling and how to avoid the mess that had been occurring previously.

Dewey made a motion to have Ron Bracht, Quality Plumbing, lined up to remove radiators on the 2nd floor of the Courthouse once the windows and air/heat units are ready to be installed. Joe Bainter seconded the motion. Carried 3-0. Quality Plumbing's estimate came in at \$1,200.00. Bracht advised the Board for Sheriff Carver that the daily rate for inmates is being increased from \$35.00/day to \$45.00/day.

Cyndie Aumiller and Kaylene Oelke representing the Sheridan County Library entered the meeting. Aumiller presented the Library's 2018 Annual Report,

which was full of information, such as how many individuals visited the library, how many children attended the children's programs, number of books checked out, etc. Aumiller discussed the expenditures for 2019 to-date and income they receive. Aumiller went on to discuss the Northwest Kansas Library System and the benefits of that service. The county currently levies \$19,000 for the library, in addition to the almost \$70,000 for the Northwest Kansas Library System. Wes Bainter made a motion to increase the budget for 2020 to \$20,000 for the library, seconded by Dewey. Carried 3-0. Aumiller stated current board members are herself, Kaylene Oelke, Melanie Rowilson, Kevin Lager, Miranda Scanlon, Roger Milton and Shannon Morgan.

At 10:25 a five-minute break was taken on a motion by Joe Bainter and second by Dewey. Carried 3-0.

Tim Hansen, Program Director Northwest Local Environmental Protection Group (NWLEPG), Connie Albers, secretary and Dan Wells, KDHE District Environmental Administrator entered the meeting. Additional guests were Tony and Jade Meyer, Meyer Electric, Lance Shepard, Woofter Pump and Well, Dan Campbell, Campbell Concrete and Duane Fullbracht, Chairman of the NWLEPG board. Hansen wanted to meet with the Board after there was discussion at the July 3 meeting about withdrawing from the organization due to changes being made in waiting period and permit fee. Hansen gave a history of the NWLEPG and discussed what services they provide. Hansen stated they are funded strictly by fees, no support from the state since 2012. The bill the County receives are fees for services already rendered. Hansen passed around and discussed photos of wells properly and improperly capped, as well as pictures of incorrect septic systems, raw sewage on the ground, etc. Hansen told the Board that his main concern is about the ground water. Sheridan County is already in a zone where we have to cut back on irrigation. The water well permit that the NWLEPG Board came up with is for the constituents, to be sure that things are taken care of correctly. The NWLEPG Board feels the price of the permit fits the task. The 10-day waiting period has been waived down to 24 hours. Hansen said looking back, there are a lot of wells that need looked at. Looking forward, need to educate. The NWLEPG Board is made up of 8 board members representing 12 counties. Hansen stated that moving forward, the largest oil company that does work in Sheridan County has stated that they will plug the well. Not an option to leave open for the landowner to potentially not plug correctly. Hansen stated if the oil company transfers the well to the landowner, the landowner can develop it or he can put it in inactive status. Either way it has to be protected and sealed. Wes Bainter asked Meyer and Campbell how they felt and both stated they would hate to see the county opt out and they are in full support of the county remaining in NWLEPG. Hansen stated that it is up to the constituents to report problems. If they see something, it can be anonymously reported to the NWLEPG office and it will be checked. Hansen advised the Board that NWLEPG Board has tabled the initial recommendation of the increase in fee and the waiting period pending further discussion. Lance Shepard stated that he became involved because the NWLEPG Board had met early in the month of June, but he was not notified until one day prior to the new rules going into effect. Joe Bainter stated that if there is a problem, go direct to the NWLEPG Board. The first six-month billing for NWLEPG was presented in the amount of \$1,285. Joe Bainter made a motion to approve paying this bill, seconded by Dewey. Carried 3-0.

Bracht reminded the Board that the meeting on July 17, 2019 will be moved from 9:00 am to 3:00 pm.

No further business, Dewey made a motion to adjourn, seconded by Wes Bainter. Carried 3-0. The next regular meeting will be Wednesday, July 17, 2019 at 3:00 p.m. in the Commissioner's Room on the main floor in the Courthouse.

Attest: Heather Bracht, County Clerk, Joe Bainter, Chairman

Ralph Albers

September 6, 1928 ~ July 19, 2019

Ralph Francis Albers, a lifelong western Kansas farmer, cattleman and resident of Oakley, KS, died Friday, July 19, 2019 at the age of 90 years. He was born on September 6, 1928, in Sheridan County, KS to Joseph Anthony and Veronica (Beckman) Albers.

In his early years, Ralph attended Oakley schools until he graduated the eighth grade. During this time, while Ralph's older brothers were serving their country in WWII, he took on the responsibility of helping run the family farm as the remaining son at home. These times were when Ralph built a foundation for his decades-long career in agriculture. Ralph retired from farming in the fall of 2018 after planting his final wheat crop. Six days before his death, he witnessed the harvesting of the same crop, which resulted in the highest yield of his farming career.

At the young age of 20 years, Ralph met the love of his life, Marcella Ribordy, at the skating rink in Oakley. The two were married on November 24, 1948 in Grainfield, Kansas during the one of the largest blizzards western Kansas had seen for decades. The two built their lives together on the farm and were blessed with eight children, Eulalia, Marvin, Vickie, Elaine, Stan, Sandy, Chris, and Lynn. In 2009, Ralph reluctantly moved from the farm and into town at Marcella's wish. They spent the remainder of their days there enjoying life in town until Marcella's passing in March of 2018. In all, the couple were married sixty-nine years.

Family was always a priority for Ralph. Even in the lean years, he always provided for his family. As a father, Ralph laid a solid foundation for his children teaching them the value of hard work. He also made time for activities like hunting, fishing, camping and family trips. As a grandfather, Ralph held a special place in his heart for his grandchildren. He loved spending time with them on the farm, especially when they rode along in his John Deere tractors and combines or on his infamous yellow Kawasaki three-wheeler.

Ralph and Marcella loved to be around people and host large gatherings, whether they be for the holidays with the family or seasonal events such as opening weekend for pheasant season, where they often had over 60 guests. Together, they knew no strangers and welcomed everybody as "family" in their home. Outside of bringing people into their home, they enjoyed social events like playing cards, going to dances, and keeping up with their grandchildren and their life endeavors.

Ralph was preceded in death by his parents; wife Marcella; brothers, Joe, George, Bernard and Arnold; sister Eulalia Albers; granddaughter Stacy Taylor; great-grandson Elijah Lampe and grandson-in-law Noah Favaregh.

He is survived by his children, Eulalia (Gary) Muschik, Union Bridge, MD, Marvin (Bette) Albers, Oakley, Vickie (Rich) Farney, Wilson, KS, Elaine (Ken) Ptacek, Colby, KS, Stan Albers, Hoxie, KS, Sandy (Monty) Moore, Monument, KS, Chris (Terri) Albers, Oakley and Lynn (Vivian) Albers, Pagosa Springs, CO; 23 grandchildren and 43 great-grandchildren and one great-great-grandchild.

Visitation is 5-7:00 p.m. Tuesday, July 23, 2019 at Baalmann Mortuary, Oakley, with a Vigil at 7:00 p.m. The Funeral Mass will be Wednesday, July 24, 2019 at 10:00 a.m. at St. Joseph Catholic Church, Oakley, with burial to follow in the church cemetery. Memorials are suggested to St. Joseph Catholic School or Logan County Healthcare Foundation in care of Baalmann Mortuary, PO Box 204, Oakley, KS 67748. For condolences or information visit www.baalmannmortuary.com.

Jon Thummel

March 2, 1954 ~ July 17, 2019

Jon L. Thummel, 65, of Hoxie, Kansas passed away on Wednesday, July 17, 2019, at his home in rural Sheridan County, Kansas. On March 2, 1954, Jon and his twin sister, Jane, were born to Lawrence A. and Mildred B. (Huelsman) Thummel. They joined five brothers and a sister. Jon attended the Seguin School thru eighth grade and attended Hoxie High School graduating with the class of 1972. After graduating, he began farming on his family's farm south of Seguin, KS. On May 27, 1978, Jon and Janice Ritter were united in marriage at the Immaculate Conception Catholic Church in Leoville, KS. They then settled together on the family farm where they continued to reside. They were blessed with three children Daniel, Chris, and Michelle.

Jon was a kind and gentle person, eager and willing to help anyone in need. He was a friend to many and often knew no stranger. He enjoyed spending time with his family, especially his brothers. Attending auctions with them in search of antiques and collectibles was always a fun experience.

Jon was always concerned about the well-being of others who were struggling. He was by nature a caring person. He was a proud alumni member of Valley Hope of Norton and served wholeheartedly as a sponsor for several people. He was also a member of the Hoxie AA group where he supported and believed in the work they do.

Jon often boasted about what he called his greatest achievement in life, his children. The family would take summer vacations, after harvest of course, and usually to the Ozarks. No trip was ever complete without a couple stops at the roadside antique malls and flea markets. He rarely, if ever, missed his children's sporting events and was always there to lend his advice. Jon was mechanically inclined and would always make his own

repairs; this knowledge also allowed him to help his sons take on the task of restoring their classic cars. His love for woodworking also led to many other projects and he always enjoyed helping his children remodel their homes.

His other greatest achievement in life was being a grandfather. He was blessed with five grandchildren: Eric, Jon O., Ellie, Cohen, and Morgan. Jon always included them in completing the farm duties and taught many lessons along the way. He loved them dearly and enjoyed spending his time with them.

Jon is survived by his wife, Janice, of the home, Hoxie, KS; sons, Daniel Thummel and wife Betha of Hoxie, and Chris Thummel of Colby; daughter, Michelle Wise and husband Skyler of Cawker City, KS; brothers, Leon Thummel (Carol) of Wichita, KS, Bernard Thummel of Kansas City, KS, and Michael Thummel (Mary Lou) of Wichita, KS; and sisters, Charlotte Wolf of Grinnell, KS and twin sister, Jane McDougal (John) of Colby, KS; sisters-in-law, Marilyn Thummel and Linda Thummel; and grandchildren Eric, Jon O., Ellie, Cohen, and Morgan.

He was preceded in death by his parents, Lawrence and Mildred Thummel; brothers, Gerald and Larry Thummel; brother-in-law, Dean Wolf; and sister-in-law, Sharon Thummel.

A Mass of Christian Burial was held Tuesday, July 23, 2019, to be held at St. Martin Catholic Church, Seguin, KS, at 10:30 A.M. with interment following the service in St. Martin Cemetery, Seguin. Visitation was held Monday, July 22, 2019, from 1:00 P.M. until 8:00 P.M. with the family receiving friends from 5:30 P.M. until 7:00 P.M. A vigil service and rosary were held at 7:00 P.M. on Monday July 22, 2019, at Mickey-Leopold Funeral Home, Hoxie. Memorials are suggested to the Hoxie, Kansas AA Group or for Masses and may be sent in care of Mickey-Leopold Funeral Home, PO Box 987, Hoxie, Kansas 67740. Online condolences may be left at www.mickeyleopoldfuneral.com

Jon was taken to his heavenly home far too soon. He would ask you to miss him a little but not too long. Instead, remember the love he had for his most precious family and friends. As the morning sun rises, remember he is with you in spirit and will greet you again one day when you take your journey to heaven.

RIDDLE CARD

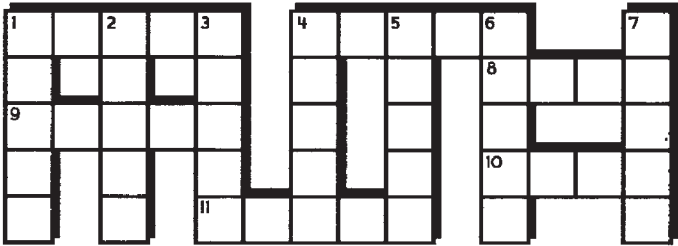

- When is a boat like a pile of snow?
- What's the difference between a jeweler and a jailer?
- What word of three syllables specifies the time at which we should dance?
- What is it that never uses its teeth for eating purposes?
- Why are money and a secret alike?

Junior Whirl

by Charles Barry Townsend

AN "AT HOME" PUZZLE!

Puzzles4Kids

by Helene Hovanec

WORD FUN

Study the two words on each line to find the ONE letter in the left column that is NOT in the word in the right column. Write the extra letter on the blank space. Then read DOWN to answer this riddle:

WHAT STORIES DO BASKETBALL PLAYERS LIKE TO TELL?

DEPART	—	DRAPE	VILEST	—	EVILS
SAILED	—	SLIDE	AIRMEN	—	MINER
CLEARs	—	RACES	MORALS	—	ROAMS
SPINAL	—	PAINS	ENRAGE	—	ANGER
			MELONS	—	LEMON

A "DIRTY" PROBLEM!

How many cubic feet of dirt can you remove from a hole that is 6 feet square and 6 feet deep?

Answers: 1. When it's addit. 2. One sells watches and the other watches cells. 3. A ten-dance. 4. A comb. 5. Because both of them are hard to keep.

DON'T FLIP YOUR LID ON THIS ONE!

In this puzzle, all of the words get progressively longer, and they all end in LID. The following hints should help:

- A jar cover (in place).
- How he crossed the ice.
- A just conclusion.
- Lacking vivid coloring.
- Dirty surroundings.
- Reverted to wrongdoing.

Below are words pertaining to items and objects found in and around the house. These words will complete the puzzle grid provided. Use the trial-and-error method, and try to finish before lunchtime!

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper-left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

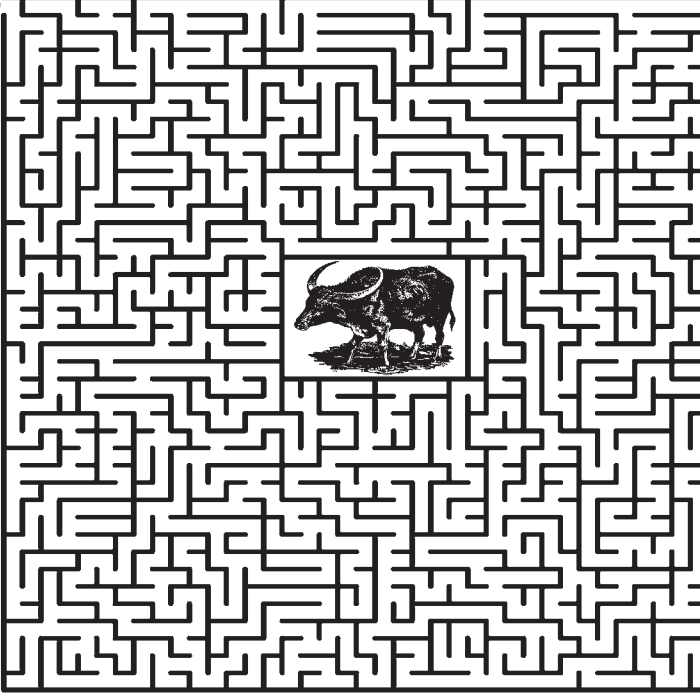

Trivia test

by Fifi Rodriguez

- TELEVISION: What was the name of the robot maid on the animated series "The Jetsons"?
- GEOGRAPHY: What is the capital of Greenland?
- MUSIC: Who composed the 18th-century "Messiah"?
- GENERAL KNOWLEDGE: What was the purpose of the Berne Convention of 1886?
- GAMES: What is the goal in the board game "Risk"?
- MOVIES: In which Martin Scorsese film did a group called The Dead Rabbits appear?
- HISTORY: Who was the longest-reigning king in European history?
- ANATOMY: What part of the human body is affected by a temporary paralysis called Bell's palsy?
- DISCOVERIES: Who is credited with discovering sickle cell anemia?
- ASTRONOMY: How many times does the moon orbit the Earth in a calendar year?

Answers: 1. Rosie. 2. Nuuk. 3. George Frideric Handel. 4. Agreement for international recognition of copyright. 5. Take over the world. 6. "Gangs of New York". 7. Louis XIV, the "Sun King" of France (72 years). 8. The face. 9. Dr. James Herrick. 10. About 13 times.

Even Exchange

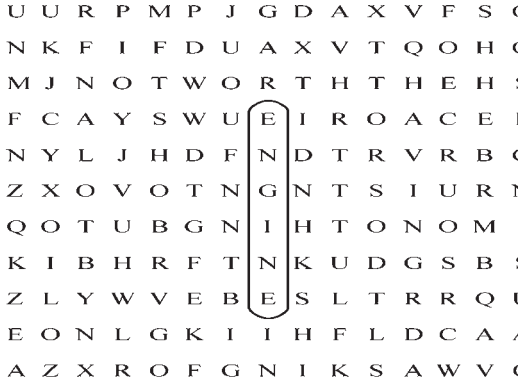

by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

1. Any large animal	— E — — —	Brag	— O — — —
2. Light rain	— H — — —	Drawn-out	— L — — —
3. Express gratitude	— A — — —	Ponder	— I — — —
4. Brandish	W — — —	Give the right of way	Y — — —
5. Walking aid	— — — T — —	Noisy munching sound	— — — N — —
6. Fall bloom	— S — — —	Subsequent	— F — — —
7. Hut	— — — A — —	Electrical jolt	— — — O — —
8. Spaceship	R — — — —	Necklace ornament	L — — — —
9. Empty-headed	— — — K — —	Tasteless	— — — D — —
10. Annoy	— S — — —	Tankard alloy	— — — W — —

MAGIC MAZE
