Quilts of Valor

Wheatland VFW Auxiliary #2864 of Grinnell presented four Quilts of Valor at Ridgewood Manor on Tuesday, July 27, 2021. During the ceremony, Richard Pedigo received a metal sign, which was purchased at the Silent Auction held in Grinnell at the Honor Flight dinner on April 10, 2021. (Sentinel Staff photos)

TAXPAYERS' REPORT

In this article I would like to pay special attention to all the people in our community that came together again to provide all of us the most wonderful fair and carnival anywhere in the world!! As we all recall, these were cancelled last year because of COVID. It seemed that this year was extra special and even a bigger thrill than in years past. Crowds were large, and as always, many people traveled back to our hometown to celebrate the greatness of Hoxie and Sheridan County, and enjoy time with family and friends.

As I have worked in many communities in Western Kansas, I can share with you the difference between them is always the same - the people are what make the difference. It is the constant willingness of people to volunteer and help in a hundred different ways that make a community great. Anytime good things are happening, you will see good people jumping in to help, donate, and accomplish good things for the people living and working in their communities.

Many, many times, the good works of people are missed by the general public because most of the time good people are busy doing good things; not for recognition, but for the good feeling we receive in helping others and working together for the improvement of our communities. Let's all make an effort to thank those who are helping and working in our communities every day to make HOXIE and SHERIDAN County a GREAT place to live and work, and to raise our families.

I want to extend a most heartfelt THANK YOU to all the people who gave so much during this past week in creating a wonderful FAIR, CARNIVAL, RODEO, LIVESTOCK JUDGING, CRAFTS, 4-H, and wonderful food, so that all of us could enjoy a truly GREAT time!!

LIFE IS MUCH MORE ABOUT GIVING THAN IT IS ABOUT GETTING!!

Thanks for reading and GOD Bless!
WES BANTER, Sheridan County Commissioner

Red Cross: Emergency Need for Donors

Shortage continues this summer due to increased demand for blood. Give Aug 1-15 for chance to win a trip for 2 to sold-out Bonnaroo and more

The American Red Cross has an emergency need for lifesaving blood amid the ongoing severe blood shortage. Blood donations continue to be critical to meet hospital demand and the public is urged to make an appointment to give now.

The Red Cross has been distributing about 12% more blood products to hospitals across the U.S. compared to this time last year. The Red Cross needs to collect more than 1,000 additional blood donations each day to meet the current hospital demand and end the severe blood shortage. Donors of all blood types are needed, especially type O, which stands at just a one-day supply right now.

To thank donors who help ensure a strong blood supply in August, all who come to give Aug. 1-15, 2021, will automatically be entered for a chance to win an exclusive, VIP trip for two to the sold-out 2021 Bonnaroo Music & Arts Festival. Those who come to donate throughout August will also receive a free 4-month subscription offer to Apple Music by email (new subscribers only). More details are available at RedCrossBlood.org/FeelTheBeat.

Donors who give now will help stock the shelves as we wind down the summer season. Schedule an appointment to give blood by using the Red Cross Blood Donor App, visiting RedCrossBlood.org, calling 1-800-RED CROSS (1-800-733-2767) or enabling the Blood Donor Skill on any Alexa Echo device.

In most cases, those who have received a COVID-19 vaccine can donate. However, knowing the name of the manufacturer of the vaccine they received is important in determining donation eligibility.

Upcoming blood donation in Hoxie will be August 11, 2021, from 12 p.m.-6 p.m. at the 4-H Building, 1308 Main, at the Sheridan County Fairgrounds.

Sen. Marshall Statement on CDC Mask Guidance

U.S. Senator Roger Marshall, M.D. issued the following statement after the Centers for Disease Control and Prevention (CDC) reversed course and is now recommending vaccinated Americans wear masks.

"This is a time to believe in science, not anxiety or panic. Today's inconsistent CDC guidance will only lead to more vaccine hesitancy. The science does not support a new mask mandate if you've been vaccinated or if you've had the virus," said Senator Marshall. "With news of the Delta variant, now is the time to talk to your doctor about getting vaccinated if you haven't yet. Science shows us there is no reason to panic as vaccinations and/or natural immunity provide exceptional defense against the Delta variant and all variants, and wearing a mask, as Dr. Fauci once said, 'May make people feel better... but it's not providing the perfect protection that people think that it is.'"

NEWS from the OUTSIDE with John Liester

Life is funny. Just when you think you have things in order, someone or something tears it apart. They say life is an adventure. They sure have that right.

Fishing has still been good. Most species can be caught if you know when and where, which I did not on Friday. I guess all things come to an end as the spots I was fishing at Webster were a bust. Five hours of fishing without one bite. The kicker was that a person who was supposed to meet me there was a no show. That's a big pet peeve of mine. If you tell someone you're going to be there, be there. Or at least have the decency to call or message them somehow. Ugh.

The fishing at the area lakes is the same. Crappie, white bass, black bass, wipers, and catfish are all biting well. Some lakes of course are better than others. Webster and Wilson are very good right now, as is Antelope Lake. I'm still trying to convince myself to fish Sheridan Lake. It may just be me, but since the 80's I just haven't done well there. I do remember some huge bass coming from there, as well as nice catfish. I have a cousin that fishes it often, so I will have to go back there.

You know what I miss? Fishing contests in local bait shops. Oh, the good old days. It was a great way to get people into a business. I know I'm looking at something along that line for hunting season in our store. We'll have to see.

Are you ready for hunting season? I'm getting the itch, and I am excited. It starts with doves and there are plenty of them around! I drive between Hoxie and Oberlin five days a week. In the mornings, I count the doves I see. The numbers lately have been over a hundred per trip. If I'm seeing that many in such a narrow path, you can imagine what the rest of the countryside is like! I think the biggest issue will be getting ammo to hunt with. I still have some from last year, but it won't last. Being a business that will sell ammunition, I will let my readers know when it becomes available. I'm starting to see some pistol and rifle ammo around, so shotgun shells should be coming soon. I hope!

I have been amazed at the sheer outright racist lies coming from MSM. Did you know that diet plans in America are designed to make black women fat? I'm not kidding! It was actually a CNN report.

Will the Democrats stop at nothing with their racist lies and accusations? Is this what your lives are dedicated to? Spreading

such outlandish garbage and then demanding we believe it? You just can't make this crap up.

To the gentleman that had the Trump flag hanging up on the highway here in town. Put it back up. If you need help with putting in a flagpole, get in touch with me. And to the person who had a fit about it... get a freaking clue. No, it was not indoctrination of anyone, and no, you're not the genius you claim to be. Sorry to burst your mentally defective bubble, but the first amendment does indeed apply to the people, not the federal government. In fact, if you are as smart as you think you are, the whole Constitution was put in place to protect the people from the government! Your lack of knowledge of actual history is mind boggling to say the least. Go ahead, contact your fictional constitutional lawyer friends. We await your drivel with amusement. On that note, if you constantly have to try to convince people that you're a genius, it's a safe bet you're not, and sorry, but just because you keep screaming the same lies over and over, doesn't make them true. So, sir up on the highway, fly that flag high and long. The patriots and the people who know the laws applaud you!

Not much else to say. Well, that's all I have enough room to say. So, I'll go now and as always, stay safe and enjoy the outside.

Senior Enn Hueftle, co-captain of the HHS cheer squad, was awarded a position on the NCA All-American Team. As an All-American member, Hueftle is eligible to attend and perform during halftime of the Aloha Bowl in Honolulu on Christmas Day and/or the CompUSA Florida Citrus Bowl in Orlando on New Year's Day.

Department of Education to Stop Promoting the “1619 Project”

Following pressure from U.S. Senator Roger Marshall, M.D., Republican Leader Mitch McConnell, and colleagues, U.S. Secretary of Education Miguel Cardona withdrew the Department’s “Proposed Priorities” on American history and civics education.

“The 1619 Project has proved itself full of inaccurate retellings of American history, putting ill-informed, radical advocacy ahead of historical accuracy,” said Senator Marshall. “Our students deserve better, and the federal government should not be promoting revisionist history as part of federal programs supported by the Department of Education. I’m glad to see that the Administration has reconsidered inclusion of this false propaganda in American History and Civics Education programs.”

In April, Senator Marshall joined Senate Republicans in sending a letter to U.S. Secretary of Education Miguel Cardona requesting the withdrawal of the Department’s “Proposed Priorities” on American history and civics education. The letter read in part,

“Our nation’s youth do not need activist indoctrination that fixates solely on past flaws and splits our nation into divided camps. Taxpayer-supported programs should emphasize the shared civic virtues that bring us together, not push radical agendas that tear us apart... This is a time to strengthen the teaching of civics and American history in our schools. Instead, your Proposed Priorities double down on divisive, radical, and historically-dubious buzzwords and propaganda... Young Americans deserve a rigorous understanding of civics and American history. They need to understand both our successes and our failures. But acknowledging that America’s journey has been a work in progress throughout our history cannot mean ignoring the tremendous strides we have made together...”

Sen. Marshall: Grab Your Wallets, This is the Tax and Spend Bill from Hell

U.S. Senator Roger Marshall, M.D. appeared on Newsmax to discuss the Democrats’ reconciliation package and the negative impact of inflation on hardworking Americans, saying in part, “Grab your wallets. This is the tax and spend bill from hell for everybody... I think this is a nonstarter... They want to drive up your taxes, which is going to kill the economy... Inflation really is the greatest social injustice...”

The people that are really going to feel it are those young, hardworking families living paycheck to paycheck.”

Notice of Appeal Filed in Kansas Emergency Management Act Case

Kansas Attorney General Derek Schmidt today filed a notice of appeal in a Johnson County District Court case that recently held unenforceable 2021 Senate Bill 40, a newly enacted law that reforms the Kansas Emergency Management Act.

Schmidt today notified the Johnson County court that he is appealing the decision to the Kansas Supreme Court. In addition, he filed a motion asking the lower court to stay its decision in the case, pending the appeal.

In the filings, Schmidt noted that the court’s ruling was causing “unnecessary and disruptive confusion,” in part because many provisions of Senate Bill 40 were not at issue in the case, but it nevertheless appears the court ruling may have invalidated them. Schmidt warned that failure to stay the ruling could result in “legal anarchy,” and “potentially hamper the State’s ability to respond to a future disaster emergency.”

A copy of the motion for stay is available at <https://bit.ly/3zhooqe>. A copy of the notice of appeal is available at <https://bit.ly/3iDigxB>.

Democrats’ Tax-and-Spend Spree Direct Assault on Kansas Multi-Generational Farms

U.S. Senator Jerry Moran (R-Kan.) spoke on the Senate floor regarding the impact a potential tax provision in the Democrats’ spending legislation would have on Kansas multi-generational farms and ranches.

“Our farmers and ranchers should not be forced to shoulder the Democrats’ trillion-dollar spending spree to expand social programs,” said Sen. Moran. “Our tax code should work for American families, not against them, and especially for family farms and ranches that often lack the cash flows to make ends meet.”

NWKEICI Program Helps NW Kansas Entrepreneurs

When it comes to developing an idea, professional insight and experience makes the difference in launching a new product.

That’s why Northwest Kansas Economic Innovation Center, Inc., doesn’t just provide funding for qualifying entrepreneurs through its Business Concept Development Program. NWKEICI also helps connect prospective business owners with those with expertise in navigating the intricacies of getting a product on the market.

“Northwest Kansans are known for their innovation and independent spirit,” said NWKEICI Program Director Lucas Goddard. “While there is an abundance of these qualities in the entrepreneurs in our region, there isn’t always traditional financial support available to build these ventures. NWKEICI launched its program to ensure that these businesses aren’t just dreams, but that they become reality.”

NWKEICI reached out to the Technology Development Institute at Kansas State University to help one such inventor move his product forward. Barry Reinert had secured a patent for his Bac-Pac technology for use with hydraulic bale beds. The attachment allows ranchers to quickly attach and release the device that can be used to transport livestock and equipment, as well as dump feed or gravel with the ability to be loaded at ground level.

It was a solid idea and Reinert had produced a prototype. But Bret Lanz, Commercialization Director at the Technology Development Institute, said this is where new products can stall because manufacturers need to know the bottom line for production.

“We work with inventors at all stages of the process, and we can help them with understanding patents, timelines, and market research,” he said. “Barry did a great job developing his product, he just needed to be able to have everything in hand when he approached manufacturers.”

The Technology Development Institute has rural and innovation funds from the Department of Commerce that they were able to match with the support Reinert had from NWKEICI to take the design, put it into a virtual model, and build a second and final prototype.

Biden’s “Human Infrastructure” Package Plan Short 50 Votes

While the Biden Administration says its “human infrastructure” package would cost taxpayers \$3.4 trillion, the Committee for a Responsible Federal Budget in an independent analysis estimates the true cost to be closer to \$5 trillion. Assuming the major provisions will be made permanent and continue through the 10-year budget window, the group says, the “policies under consideration could cost between \$5 trillion and \$5.5 trillion over a decade.” The budget-resolution fact sheet Democrats circulated last week, a Wall Street Journal commentary notes, “includes only a bare-bones description of the bill’s major programs for tax credits, new entitlements, healthcare, climate, and housing. Some categories in the proposal include this caveat: ‘The duration of each program’s enactment will be determined based on scoring and Committee input.’ The plan “isto include every program but start small and pretend they’re temporary. This will let them skirt the budget-reconciliation rule that spending can’t add to the deficit outside a 10-year budget window without triggering a 60-vote threshold to pass,” the WSJ adds. If the bipartisan infrastructure deal falls apart, the components of that legislation would be added in, bringing the price tag up to about \$6.7 trillion.

To get the ball rolling on the “human infrastructure” package, Congress first needs to pass a budget resolution with reconciliation instructions. Once that occurs, committees will have to act to pass their portions based on instructions from the Budget Committee. The Budget Committee would then tie all of the bills together into a single package and move through the House and Senate on a partisan, majority basis – if Democrats can hold all of their members together. House Budget Committee Chairman Bernie Sanders (I-VT) indicates the plan currently does not have 50 votes to pass in the Senate, prompting House Speaker Nancy Pelosi (D-CA) to reconsider her decision to wait for the Senate to pass a budget before the House acts upon one. This is the legislation where tax increases are being proposed to offset new program costs that include universal pre-K, free community college, expanded Medicare, new regulations on utilities, pathway to citizenship for undocumented workers, expanded labor union rights, and a carbon tax on imports, among other things.

Researchers Discover Undocumented Crayfish Species in Kansas

Widespread sampling for invasive crayfish had never occurred in Kansas lakes – that is, until the Kansas Department of Wildlife and Parks (KDWP) recently funded a university project focused on the freshwater crustacean. KDWP’s Aquatic Nuisance Species Program and Ecological Services section funded the project with the overarching goal of establishing sampling protocols that could then be used for long-term monitoring of both native and invasive crayfish in Kansas. To the surprise of staff and researchers, the need for such protocols would be validated almost as quickly as the research project began.

During capturing efforts at McPherson State Fishing Lake – one of several small waterbodies slated to be inspected in the state – university researchers collected multiple Rusty Crayfish. Rusty Crayfish have not previously been documented in the wild in Kansas, making this official “discovery” the first of its kind. Rusty Crayfish captured at McPherson consisted of both males and females of varying ages, indicating a reproducing population is established in the lake. Unfortunately, this isn’t the type of species staff and researchers would hope to find, as the Rusty Crayfish is an invasive species known for the considerable ecological damage it can cause in waterbodies.

This large, aggressive crayfish is not only known to attack the feet of unsuspecting humans and animals standing in freshwater, it outcompetes both native fish and crayfish species for forage – forage that also acts as important cover for select prey species.

“The most likely cause of the Rusty Crayfish making its way into Kansas is through its use as fishing bait,” said KDWP Aquatic Nuisance Species coordinator, Chris Steffen. “This species is a prime example of the importance of always draining water from your boat, livewell, and bilge before leaving a waterbody, and of never moving bait from one waterbody to another. You just never know what could be hitchhiking a ride.”

Staff and researchers working on the crayfish project will continue to experiment with multiple capture methods and techniques on a small number of waterbodies around the state. Once an effective and efficient sampling protocol has been identified, staff will continue the sampling efforts across a large number of lakes across the state.

Anglers, boaters, and watersport enthusiasts are encouraged to keep their eyes open for this invasive species, which can be identified by its trademark large, black-tipped claws and rust-colored spots on its upper shell. If one is discovered, freeze it in a sealed plastic bag, note the date and location of capture, and contact KDWP’s Emporia Research and Survey Office at (620) 342-0658.

For information on other aquatic nuisance species in Kansas, visit <https://ksoutdoors.com/Fishing/Aquatic-Nuisance-Species>.

Haimeier Auction Real Estate, Other Items

Sat., August 7, 2021
Starting Time: 9:30 a.m.
Sale Located at 221 South Kansas Ave., Jennings, KS.

Real Estate Sells at 1 p.m.
Legals: Lots 11-14, Block 9 in the Original Town of Jennings, KS. The house has 4 bedrooms, 2 baths, central heat and air, and an unattached double car garage.
Terms: 25% down day of sale, balance due on closing.
Sellers will furnish title insurance with the Buyers and Sellers each paying 50% of the policy. Buyers may close as soon as documents are prepared.
Property will be sold in as is condition with no warranties expressed or implied.
Taxes: Taxes will be prorated up to the date of closing. 2020 Taxes: \$782.90.
Possession: Will be at closing.
Personal or Corporate Checks are acceptable for down payment with the final payment to be made in Certified Funds. All funds will be held by the Real Estate Firm in their trust account by an identified title/escrow company. Bidding is not contingent upon financing. Financing, if necessary, needs to be arranged and approved prior to the Auction. Announcements made day of sale take precedence over printed material and previously made oral statements.
Inspection: Each potential bidder is responsible for conducting their own independent inspection and due diligence concerning pertinent facts about the property. Neither Seller nor Auction Company, or Real Estate Firm, its agents or representatives, are making any warranties about the property, either expressed or implied. Statements, while not guaranteed, are from reliable sources.
Survey: If a survey is required, it will be the responsibility of the Buyer(s).
Agency: Midway Realty Inc., their agents and representatives, are the exclusive agents of the Sellers.

Kansas Crop Progress and Condition

For the week ending July 25, 2021, there were 6.3 days suitable for fieldwork, according to the USDA's National Agricultural Statistics Service. Topsoil moisture supplies rated 6% very short, 28% short, 63% adequate, and 3% surplus. Subsoil moisture supplies rated 4% very short, 26% short, 67% adequate, and 3% surplus.

Field Crops Report: Corn condition rated 1% very poor, 6% poor, 24% fair, 58% good, and 11% excellent. Corn silking was 76%, near 77% last year and 78% for the five-year average.

Dough was 24%, behind 34% last year, and near 25% average.

Soybean condition rated 3% very poor, 5% poor, 30% fair, 57% good, and 5% excellent.

Soybeans blooming was 60%, behind 66% last year, and equal to average. Setting pods was 24%, behind 36% last year, and equal to average.

Sorghum condition rated 1% very poor, 5% poor, 27% fair, 61% good, and 6% excellent.

Sorghum headed was 23%, near 25% last year and 22% average. Coloring was 1%, equal to both last year and average.

Cotton condition rated 0% very poor, 5% poor, 34% fair, 55% good, and 6% excellent. Cotton squaring was 81%, near 80% last year, and ahead of 67% average. Setting bolls was 11%, behind 21% last year, and near 14% average.

Pasture and Range Report: Pasture and range conditions rated 2% very poor, 11% poor, 31% fair, 51% good, and 5% excellent.

U.S. July 1 Cattle Inventory Down 1% From 2020

All cattle and calves in the United States as of July 1, 2021 totaled 101 million head according to the USDA's National Agricultural Statistics Service.

All cows and heifers that had calved totaled 40.9 million head.

Beef cows totaled 31.4 million head.

Milk cows totaled 9.50 million head.

All heifers 500 pounds and over totaled 16.0 million head.

Steers weighing 500 pounds and over totaled 14.5 million head.

Bulls weighing 500 pounds and over totaled 2.10 million head.

Calves under 500 pounds totaled 27.4 million head.

All cattle on feed fed for the slaughter market in the United States for all feedlots totaled 13.4 million head.

The 2021 calf crop is expected to be 35.1 million head. Calves born during the first half of the year are estimated at 25.8 million.

Kansas Cattle on Feed Up 3%

Kansas feedlots, with capacities of 1,000 or more head, contained 2.45 million cattle on feed on July 1, according to the USDA's National Agricultural Statistics Service. This inventory was up 3% from last year.

Placements during June totaled 430,000 head, up 1% from 2020.

Fed cattle marketings for the month of June totaled 490,000 head, up 8% from last year.

Other disappearance during June totaled 10,000 head, unchanged from last year.

Kansas Milk Production

Milk production in Kansas during June 2021 totaled 344 million pounds, up 7% from June 2020, according to the USDA's National Agricultural Statistics Service. The average number of milk cows was 175,000 head, 7,000 head more than June 2020. Milk production per cow averaged 1,965 pounds.

Wheat Scoop: Mark Your Calendar for Farmer U

By Julia Debes, Kansas Wheat

Ready for the return of in-person agricultural events? Mark your calendar for August 18 and 19 for a new event organized by the High Plains Journal — Farmer U. The event will take place in Mulvane, Kansas, at the Kansas Star Event Center and will include speakers, educational breakout sessions, panel discussions and a trade show.

"We are looking forward to gathering together again to learn from agricultural experts and fellow farmers who are at the top of their fields," said Justin Gilpin, CEO of Kansas Wheat. "We hope you will join us in Mulvane as we work together to continue the innovations of Kansas agriculture."

Michelle Miller — also known as the Farm Babe on social media — will open the event by discussing how farmers and ranchers can counter the misinformation spread about agriculture and work to educate consumers.

Rob Sharkey — also known as the Shark Farmer — will close the event. Sharkey is a fifth-generation farmer from Illinois who hosts a podcast titled "SharkFarmer Podcast," a radio show on Sirius XM and a television show on RFDTV called "SharkFarmer TV." He will focus on his unconventional journey to becoming a disrupter in the agriculture industry and how his media ventures center around providing a platform for stories about people in agriculture.

The event will also include two panel discussions — a farmer panel and a women's panel. The farmer panel will include Ki Gamble, Travis Schnaithman, Jimmy Frederick and Jeremy Brown.

Gamble is a fourth-generation farmer from Greensburg, Kansas, who farms irrigated and dryland alfalfa, corn, sunflowers, soybeans, sorghum and wheat and has won the National Sorghum Producer's Grain Sorghum Yield Contest 10 times. Schnaithman, a past National FFA Star Farmer of America, is a fifth-generation farmer from Garber, Oklahoma, who raises wheat, soybeans, sorghum and corn with his father and brother. Frederick of Rulo, Nebraska, farms 3,000 acres of mostly non-irrigated ground alongside his father. Frederick is the world record holder for dryland soybeans at 148.8 bushels per acre. Jeremy Brown operates a 4,000-acre farming operation called Broadview Agriculture near Lubbock, Texas, using regenerative farming practices to raise cotton.

The Farmer U women's panel will kick off day two with the Farm Babe serving as moderator for a line-up that will include Blayne Arthur, Oklahoma's first female Secretary of Agriculture; Whitney Larson, a city girl turned Kansas farm wife, agricultural blogger and podcaster; fifth-generation Nebraska farmer Sarah Greer; and Colorado Farmer Bureau state officer and agriculturist Roxi McCormick.

Educational breakout sessions will cover soil health, irrigation, soybeans, corn, wheat, sorghum, alfalfa and corn. Brent Bean, director of agronomy for the United Sorghum Checkoff Program will present on new herbicide technologies for sorghum. Schnaithman will discuss how to market wheat to extract additional value, including the use of on-farm storage. Bruce Anderson, Extension forage specialist emeritus at the University of Nebraska, will detail the benefits of alfalfa in crop rotations. Frederick will give a presentation on decreasing soybean plant populations while also improving plant health increasing yield. Seth Byrd, Oklahoma State University Extension cotton specialist, will present on cotton stand establishment and seed quality in the Great Plains.

Trisha Jackson, director of regenerative agriculture at PrairieFood, will provide a soil health breakdown about how taking care of the soil takes care of crops. Sarah Lancaster, Kansas State University assistant professor of agronomy and Extension specialist, will share the secrets of managing weeds — specifically pigweed — in corn. Scott Staggenborg, sorghum product marketing director at S&W Seed, will provide an analysis of new technologies on the rise in sorghum and how sorghum can become a more important crop rotation. Kurt Grimm, owner of NutraDrip Irrigation Systems, will explain how producers can get the most from their irrigation water.

The Farmer U & Trade Show event will also include the Farmer U Awards, including the 2021 Woman of the Year Award and 2021 Farmer of the Year Awards, given in the categories of alfalfa, corn, cotton, soil health, sorghum, soybeans and wheat.

To learn more about the speakers, trade show or to register, visit www.farmeru.net. Join Kansas Wheat at booth #164 to learn more about the Kansas Association of Wheat Growers' August membership promotion and discount, as well as Wheat Rx, a partnership between Kansas Wheat and K-State Research and Extension to disseminate the latest research recommendations for high-yielding and high-quality wheat to Kansas wheat farmers.

Pre-registration is \$100 per person and onsite registration is \$125 per person. HPJ subscribers receive a \$25 discount at pre-registration and onsite registration pricing; check your current HPJ issue for the discount code. HPJ will be in compliance with all local and state pandemic precautions at the time of the event; however, facemasks and COVID-19 vaccinations will not be required.

USDA to Survey County Small Grains Acreage

The U.S. Department of Agriculture's National Agricultural Statistics Service (NASS) will survey producers in 32 states, including Kansas, for its 2021 small grains County Agricultural Production Survey (CAPS).

The survey will collect information on total acres planted and harvested, and yield and production of small grains crops down to the county level. CAPS will provide the data needed to estimate acreage and production of selected crops such as barley, oats, and wheat in the United States.

"The data provided will help federal and state programs support the farmer," said Doug Bounds, Kansas State Statistician. "I hope every producer understands the importance of these data and will take the time to respond if they receive this survey. Producers can lose out when there are no data to determine accurate rates for loans, disaster payments, crop insurance price elections and more. When enough producers do not respond to surveys, NASS is not able to publish data. Without data, agencies such as USDA's Risk Management Agency or Farm Service Agency do not have information on which to base the programs that serve those same producers."

Farmers are encouraged to respond online at accounts.usda.gov or by mail. Alternatively, within the next few weeks, NASS representatives will contact selected Kansas growers to arrange telephone interviews to complete the survey.

NASS safeguards the privacy of all respondents and publishes only aggregate data, ensuring that no individual operation or producer can be identified, as required by federal law.

Survey results will be published in the NASS Quick Stats database (quickstats.nass.usda.gov) at 3 p.m. ET on Thursday, Dec. 9, 2021. For more information on NASS surveys and reports, call the NASS Kansas Field Office at (800) 582-6443.

IN THE DISTRICT COURT
OF SHERIDAN COUNTY,
KANSAS

In the Matter of the Estate of
CARL MUMM, Deceased

Case No. 2021-PR-22

NOTICE OF HEARING
NOTICE TO CREDITORS

THE STATE OF KANSAS
TO ALL PERSONS
CONCERNED:

You are hereby notified
that on July 7, 2021 a Petition
was filed in this court by the
undersigned.

The Petition states that the
undersigned is an heir, devisee
and legatee, Executor named in
the Last Will and Testament of
the decedent dated June 7, 2010
and the Petition requests that
the Will be admitted to probate
and record; that Mike Ritter be
appointed as Executor and be
granted Letters Testamentary
without bond.

You are further advised
that the Petitioner in this
matter has requested
administration pursuant to
the Kansas Simplified Estates
Act, and if such request is
granted the court may not
supervise administration
of the estate and no further
notice of any action of the
Executor or other proceedings
in the administration will
be given except for notice
of final settlement of the
decedent's estate. Should
written objections to simplified
administration be filed with
the court, the court may order
supervised administration to
ensue.

You are required to file your
written defenses thereto on or
before August 6, 2021 at 10:00
a.m. of said date, in this court
in the city of Hoxie at which
time and place the cause will
be heard. Should you fail,
judgment and decree will be
entered in due course upon the

Commission Minutes
7/20/2021

Now on this 20th day of
July 2021, the Board of
Commissioners, Sheridan
County, Kansas met in regular
session with Chairman Wes
Bainter presiding. Others
present were Joe Bainter,
Buck Mader, Joe Pratt County
Attorney and County Clerk
Heather Bracht. Guests were
Doyle Kauk, Carolyn Meyer,
The Sheridan Sentinel, and Ty
Stewart, Intern at Eland & Pratt.
Wes Bainter called the
meeting to order.

Everyone in attendance
stood and recited the Pledge of
Allegiance.

Mike O'Dell, CFO/CEO
from Sheridan County Health
Complex entered the meeting.
O'Dell stated that Pratt had
submitted the plan to State,
as it pertains to public health
and the hospital. O'Dell has
submitted some of the grants
and has extensions on two
of them. O'Dell advised the
Board that he had done a lot
of required training. He had
visited with the West Central
Public Health Initiative group,
which involves six counties.
KDHE was involved in that
public meeting, and they
agreed it was good to have

Public Health in a hospital
setting. Training will need
to take place for WIC. O'Dell
meets with the hospital board
on Monday, July 26, 2021, and
will lay out the plan, which he
will present as bullet points
and will come back to the
Board of Commissioners on
Tuesday, July 27 with the
hospitals concerns or approval.
O'Dell thinks that the Public
Health Office might be open a
few hours a couple days a week
to begin with.

Erwin Construction
submitted a bid for the bridge
on the Sheridan/Graham
County lines. Wes Bainter
made a motion to accept Erwin
Construction's bid of \$12,180
for labor with the County
providing the materials,
demolition of the current
bridge, and site preparation.
Mader seconded the motion.
Carried 3-0

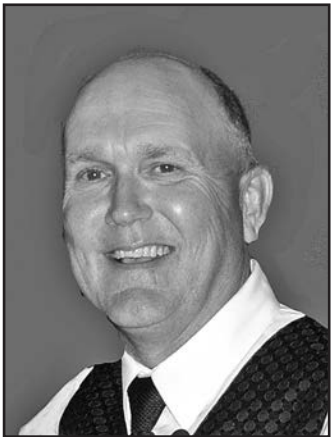

The Board all received a copy
of the Trego County Sanitary
Code Book. The Board will
review and discuss at the next
meeting.

Pratt will talk with the
individual who received a
violation notice from the
NWLEPG for drilling a
domestic water well without a
permit and get his side of the
story.

Joe Herskowitz, Road &

Birney Feldt

October 2, 1961 ~ July 22, 2021

Birney Joseph Feldt passed
away at Parker Adventist
Hospital, Parker, Colorado,
Thursday, July 22, 2021, at
the age of 59. He was born to
Robert and Leona (Cousins)
Feldt on October 2, 1961, in
Hoxie, KS. Birney was the
youngest of three boys. He
grew up on a farm outside of
Menlo, and attended Hoxie
Grade School and Hoxie
High School, graduating
with the class of 1979.

On April 19, 1980, in
Leoville, Birney married the
love of his life and best friend,
Virginia (Zodrow) Feldt. They
were blest with two daughters,
Angela and Erin.

After 36 years of living and
raising their family in Hoxie,
Birney and Virginia made the
difficult decision to leave the
only place they had ever called
home to embark on a new
journey in Kearney, NE.

Birney had many hobbies that
kept him busy. He always had
a passion for farming and
raising animals. He loved
raising cattle and pigs. He was
co-owner of Elevated Pastures,
a custom poultry and pork farm
in Colorado. He enjoyed playing
golf and visiting new golf
courses. In the spring, Birney
would enjoy fishing and going
to the lake. He enjoyed opening
weekend of pheasant hunting
with friends and family. His
biggest joy, however, came from
spending time with his wife,
Virginia. He loved his wife,
girls, and grandchildren, and
they were the most important
thing in the world to him.

Birney was a member St. Frances
Cabrini Catholic Church, Hoxie;
Prince of Peace Catholic Church,
Kearney, NE; Our Lady of the
Visitation Catholic Church,
Elizabeth, CO, Knights of
Columbus, and Hoxie Golf Club.

Birney is survived by his daughters
Angela Paulsen and her husband
Jeff of Lincoln, NE; Erin Bieker
and her husband Brent of
Elizabeth, CO; grandchildren,
Hayden Bieker, Jacob Paulsen,
Tessa Bieker, Jace Paulsen;
his mother, Leona Feldt,
brothers, Terry Feldt and wife
Kathleen, and Tom Feldt and
wife Paulette, Hoxie.

He was preceded in death by his
wife, Virginia Feldt; father,
Robert Feldt, and in-laws
Seraphine and Florence Zodrow.

A funeral service is planned for
Thursday, July 29, 2021, at the
St. Frances Cabrini Catholic Church,
Hoxie, at 10:00 A.M. with
interment to follow in the St.
Frances Catholic Cemetery,
Hoxie. A visitation is planned
for Wednesday, July 28, 2018,
from 1:00 P.M. until 8:00 P.M.
Family will receive friends from
5:00 P.M. until 6:30 P.M. A
vigil service will be held at 6:30
P.M. on Wednesday, July 28,
2021. Visitation and Vigil will
be held at the Mickey-Leopold
Funeral Home. Memorials are
suggested to the Sheridan County
Benefit Walk. On-line
condolences may be left at
www.mickeyleopoldfuneral.com.

Birney had a kind and fun-loving
soul. He was the first to offer
help to anyone in need. He had
a deep love for his soulmate
and best friend, Virginia. Although
he is gone from this earth, he is
resting peacefully at home with
the Lord and his wife.

Bridge Supervisor, is meeting
with Penco Engineering at the
feedlot road to determine what
work the Road & Bridge
Department needs to do. There
was discussion about the
individuals in the county who
might possibly work part-time
or when they are able and what
their role would be.

The Drag Agreement and how
the different sections were
allotted to the individuals was
discussed.

Bracht advised the Board that
the Northwest Kansas Library
System is having a hearing, as
they are planning to increase
their Revenue Neutral Rate
(RNR). There was a brief
discussion about the Northwest
Kansas Library System and
Twin Creeks Extension and the
fact that

these two organizations have
taxing authority for their
budgets. The Board agrees that
the Commissioners are the
stewards of the taxpayer money,
they should have the taxing
authority of those organizations.
The hearing for the Northwest
Kansas Library System will be
held on Wednesday, August
25, 2021, at 4:00 pm at the
Buffalo Bill Culture Center in
Oakley. Guest Doyle Kauk was
recognized, and he stated that
people should be encouraged to
attend this hearing.

KCAMP decision was tabled
until the next meeting.

Bracht was given permission to
remove at least three of the
trees that suffered wind damage
at the last big storm. Bracht
will check with Extension Office,
as well as Soil Conservation
Department and see about
recommendations for trees to
plant.

Pratt will talk with O'Dell about
the USB account.

At 9:03, Joe Bainter made a
motion to enter into executive
session for a period of 15
minutes for the discussion of
non-elected personnel. Mader

Gale Adams

March 2, 1957 ~ June 30, 2021

Gale Gene Adams was born
March 2, 1957. He was the only
son of Lloyd and Marilyn (Collins)
Adams. He departed this earthly
life on June 25, 2021. As a
young boy, Gale could be found
in his Grandpa Carl's garage.
It was there, he found his love
for fixing things.

Gale was a carpenter by trade,
both locally and in Denver,
Colorado for many years. He
enjoyed music, motorcycles and
his dogs- especially "Buddy" who
survives him. He married
Maxine Zerr in 2005 but divorced
a few years later. He knew many
people but chose a solitary life.

Gale was loved and survived by
his sister, Tammy and her husband
Ralph; stepfather, Harold Deines;
ex-wife, Maxine and numerous
cousins and friends.

He was predeceased by his
parents, Lloyd and Marilyn; grandparents,
George and Ardith Adams and
Carl and Mary Collins.

A Celebration of Life will be held
on Saturday, July 10, 2021, at
10:30 A.M. at the Mickey-Leopold
Funeral Home. Visitation was
held at the funeral home on
Saturday, July 10, 2021, from
9:00 A.M. until 10:30 A.M.
Family received friends from
9:30 A.M. until 10:30 A.M.
at the funeral home. Inurnment
immediately followed the service
in the Hoxie City Cemetery. To
honor Gale's memory, the family
suggests memorials to the
Sheridan County Benefit Walk.
Memorials may be sent to
Mickey-Leopold Funeral Home,
PO Box 987, Hoxie, Kansas
67740. Words of comfort may
be left at www.mickeyleopoldfuneral.com.

seconded. Carried 3-0. Present
were the board, Pratt and
Bracht. The door opened at 9:18
with no decision being made.

Joe Bainter made a motion,
seconded by Mader, the approve
the July 13, 2021 Minutes as
presented. Carried 3-0

The July 16, 2021, payroll was
approved on a motion by Wes
Bainter and second by Joe
Bainter. Carried 3-0

The following payroll was
reviewed and approved by the
board:

General \$84,039.44
Road & Bridge \$29,359.43
Nox Weed \$1,728.04
Public Hlth \$2,393.73
Public Transp \$967.50

No further business, Wes
Bainter made a motion to
adjourn, seconded by Mader.
Carried 3-0. The next regular
meeting will be Tuesday,
July 27, 2021, at 8:00 in the
Courthouse foyer.

Attest: Heather Bracht,
County Clerk, Wes Bainter,
Chairman

HOW MANY doggies are in the window? Also, when is a dog's tail not a tail?

TRICKY BILLS! When Mr. Jones looked in his wallet, he found that he had just six bills that added up exactly to \$63. None were \$1 bills. What were the denominations of these six bills? P.S.: It's tricky.

ANAGRAM FUN! Fill in the two grids, using the clues below. You'll see that the same letters are used in each pair.

1. Ignore someone.
2. Upholstered seat.
3. Location or direction.
4. Stolen goods.

1. Small bread rolls.
2. Clumsy people.
3. A matted fabric.
4. A hammer is one.

Junior Whirl

by Charles Barry Townsend

COIN GAME!

PLACE 15 coins (or buttons, nails, etc.) on a table. Two players now take turns removing one, two or three coins at a time. The player who is forced to remove the last coin from the table loses.

SECRET STRATEGY: When it's your turn, try to remove enough coins so that there are 13, nine or five coins left on the table. This will give you a sure win. Also, if you make a rule that the person who won the last game gets to start the next game, you will be unbeatable since you will always remove two coins, leaving 13 on the board, a winning number.
